Liquor Control Commission June Underage Compliance Report

SPRINGFIELD – In June 2015, the Illinois Liquor Control Commission (ILCC) conducted compliance checks around the state and visited 324 businesses licensed to sell liquor. They cited 43 for violations of liquor control laws. Eighty-seven percent of the licensees visited complied with Illinois liquor laws and refused to serve underage customers.

This is a monthly aggregated report of all the underage compliance investigations that occurred in the month of June. The ILCC may release results on individual investigations through shorter press releases throughout the month.

The monthly aggregated report lists all of the results of ongoing undercover and cooperative law enforcement operations conducted by Illinois Liquor Control Commission (ILCC) agents, local law enforcement officials and volunteers from high schools and colleges. The teams randomly visit liquor stores, restaurants and bars in communities around the state to check for ongoing compliance with state laws mandating that no liquor is sold to minors under the age of 21. ILCC agents also work with local and state law enforcement agents to focus on communities with a high incidence of underage liquor sales.

Below is the bulleted list by location of which establishments violated the law by selling alcohol to ILCC underage participants. Because the visits are random in nature, certain areas of the State are visited at certain times of the year.

For information about hearings regarding checks, please visit: [the Illinois Liquor Control Commission's website](#). The next hearing is scheduled for Thursday, July 23, 2015, at 11:00 a.m., in Springfield.
