Liquor Control Commission July Underage Compliance Report

SPRINGFIELD – In **July 2014**, the Illinois Liquor Control Commission (ILCC) conducted compliance checks around the state and visited 342 businesses licensed to sell liquor. They cited 47 for violations of liquor control laws. Eighty-six percent of the licensees visited complied with Illinois liquor laws and refused to serve underage customers.

This report is a result of ongoing undercover and cooperative law enforcement operations conducted by Illinois Liquor Control Commission (ILCC) agents, local law enforcement officials and volunteers from high schools and colleges. The teams randomly visit liquor stores, restaurants and bars in communities around the state to check for ongoing compliance with state laws mandating that no liquor is sold to minors under the age of 21. ILCC agents also work with local and state law enforcement agents to focus on communities with a high incidence of underage liquor sales.

Below is the bulleted list by location of which establishments violated the law by selling alcohol to ILCC underage participants. Most visits are scheduled at random; however, the ILCC does exercise discretion to ensure that high-risk areas such as college communities and areas with historically lower compliance rates are visited throughout the year.

For information about hearings regarding checks, please visit: [the Illinois Liquor Control Commission's website](#). Wednesday, August 20, 2014 is the next scheduled hearing date.
