

Information regarding the tax liabilities in lease situations may be found at 86 Ill. Adm. Code 130.220 and 86 Ill. Adm. Code 130.2010. (This is a GIL.)

October 23, 2009

Dear Xxxxx:

This letter is in response to your letter dated September 24, 2009, in which you request information. The Department issues two types of letter rulings. Private Letter Rulings ("PLRs") are issued by the Department in response to specific taxpayer inquiries concerning the application of a tax statute or rule to a particular fact situation. A PLR is binding on the Department, but only as to the taxpayer who is the subject of the request for ruling and only to the extent the facts recited in the PLR are correct and complete. Persons seeking PLRs must comply with the procedures for PLRs found in the Department's regulations at 2 Ill. Adm. Code 1200.110. The purpose of a General Information Letter ("GIL") is to direct taxpayers to Department regulations or other sources of information regarding the topic about which they have inquired. A GIL is not a statement of Department policy and is not binding on the Department. See 2 Ill. Adm. Code 1200.120. You may access our website at www.tax.illinois.gov to review regulations, letter rulings and other types of information relevant to your inquiry.

The nature of your inquiry and the information you have provided require that we respond with a GIL. In your letter you have stated and made inquiry as follows:

I am writing to obtain information on sales and use tax rules for equipment finance leases-leasing of construction equipment, agricultural equipment, motor vehicles, etc.. Unfortunately in most states, their websites are difficult to locate lease specific sales tax information. **If you have a direct website link or publication on handling leases sales/use tax, please include that information as well.**

I'm interest in learning how tax should be collected on fees and different types of leases. Also, please note any special sales tax treatment for equipment leases. Below you will find a list of questions regarding the handling of lease sales/use tax.

- 1. What type of tax (sales, use or rental) should a leasing finance company be registered to collect when they have no business location in your state?**
- 2. For leases with a 10% purchase option/fair market value option (Operating or True Lease), is tax collected on the rental payment or upfront on the equipment cost?**
- 3. For leases with a nominal purchase option such as \$1.00 (Capital or Financing Lease), is tax collected on the rental payment or upfront on the equipment cost?**

4. **Is sales or use tax charged on documentation fees?**
5. **Is sales or use tax charged on late payment fees?**
6. **Is sales or use tax charged on property tax reimbursements?**

Your prompt cooperation is appreciated and thank you in advance for your time.

DEPARTMENT'S RESPONSE:

The State of Illinois taxes leases differently for Retailers' Occupation Tax and Use Tax purposes than the majority of other states. For Illinois sales tax purposes, there are two types of leasing situations: conditional sales and true leases.

A conditional sale is usually characterized by a nominal or one dollar purchase option at the close of the lease term. Stated otherwise, if a lessor is guaranteed at the time of the lease that the leased property will be sold, this transaction is considered to be a conditional sale at the outset of the transaction. Persons who purchase items for resale under conditional sales contracts can avoid paying tax to suppliers by providing certificates of resale that contain all the information set forth in 86 Ill. Adm. Code 130.1405. All receipts received by a lessor/retailer under a conditional sales contract are subject to Retailers' Occupation Tax. See 86 Ill. Adm. Code 130.2010.

A true lease generally has no buy out provision at the close of the lease. If a buy-out provision does exist, it must be a fair market value buy-out option in order to maintain the character of the true lease. Lessors of tangible personal property under true leases in Illinois are deemed end users of the property to be leased. See 86 Ill. Adm. Code 130.220. As end users of tangible personal property located in Illinois, lessors owe Use Tax on their cost price of such property.

The State of Illinois imposes no tax on rental receipts. Consequently, lessees incur no tax liability. As stated above, in the case of a true lease, the lessors of the property being used in Illinois would be the parties with Use Tax obligations. The lessors would either pay their suppliers, if their suppliers were registered to collect Use Tax, or would self-assess and remit the tax to the Department. If the lessors already paid taxes in another state with respect to the acquisition of the tangible personal property, they would be exempt from Use Tax to the extent of the amount of such tax properly due and paid in such other state. See subsection (a)(3) of 86 Ill. Adm. Code 150.310.

Under Illinois law, lessors may not "pass through" their tax obligation to the lessees as taxes. However, lessors and lessees may make private contractual arrangements for a reimbursement of the tax to be paid by the lessees. If lessors and lessees have made private agreements where the lessees agree to reimburse the lessors for the amount of the tax paid, then the lessees are obligated to fulfill the terms of the private contractual agreements.

The above guidelines are applicable to all true leases of tangible personal property in Illinois except for automobiles leased under terms of one year or less, which are subject to the Automobile Renting Occupation and Use Tax found at 35 ILCS 155/1 *et seq.* There are also some limited exceptions to the general rule described in the preceding paragraphs. There is an exemption from Retailers' Occupation Tax for sales of tangible personal property to lessors who lease that property to governmental bodies under leases of one year or longer. See 86 Ill. Adm. Code 130.2012. In addition, the sale of computers and communications equipment and equipment used in the diagnosis, analysis, or treatment of hospital patients is exempt when sold to lessors who lease that property

under leases of one year or longer with hospitals to whom the Department has issued a tax exemption identification number. See 86 Ill. Adm. Code 130.2011.

You can find further information on the Department's website listed below along with copies of prior letter rulings and administrative rules. For example, you mention that you are interested in information on agricultural equipment and motor vehicles and may want to look at the sales tax exemptions for farm machinery and equipment and rolling stock.

I hope this information is helpful. If you require additional information, please visit our website at www.tax.illinois.gov or contact the Department's Taxpayer Information Division at (217) 782-3336.

Very truly yours,

Terry D. Charlton
Senior Counsel, Sales & Excise Taxes
