

This letter discusses nexus. See *Quill Corp. v. North Dakota*, 112 S.Ct. 1904 (1992). (This is a GIL.)

December 12, 2011

Dear Xxxxx:

This letter is in response to your letter dated September 1, 2011, in which you request information. The Department issues two types of letter rulings. Private Letter Rulings ("PLRs") are issued by the Department in response to specific taxpayer inquiries concerning the application of a tax statute or rule to a particular fact situation. A PLR is binding on the Department, but only as to the taxpayer who is the subject of the request for ruling and only to the extent the facts recited in the PLR are correct and complete. Persons seeking PLRs must comply with the procedures for PLRs found in the Department's regulations at 2 Ill. Adm. Code 1200.110. The purpose of a General Information Letter ("GIL") is to direct taxpayers to Department regulations or other sources of information regarding the topic about which they have inquired. A GIL is not a statement of Department policy and is not binding on the Department. See 2 Ill. Adm. Code 1200.120. You may access our website at www.tax.illinois.gov to review regulations, letter rulings and other types of information relevant to your inquiry.

The nature of your inquiry and the information you have provided require that we respond with a GIL. In your letter you have stated and made inquiry as follows:

I am the Senior Accountant with ABC. We are based out of CITY/STATE and need a legal ruling in determining Nexus with the state of Illinois.

We provide e-commerce solutions to our clients who sell and manufacture clothing, apparel and accessories. The specific service we provide is managing our client's websites in every capacity which includes warehousing, fulfillment, credit card processing, customer relationship and order management, and marketing solutions. For these services, we charge a fee to the client, subtract the fee and sales tax from the total amount revenue [sic] that was collected through internet sales and send them a check for the difference. As a value added service we manage, prepare sales tax returns and make all payments. All of our clients are based out of STATE and have no affiliation with any other state but we do use a third party marketing company XYZ to help drive sales figures.

XYZ is based out of City, IL. Since they are based in Illinois, we need to know if this relationship between our two companies determines Nexus in the state of Illinois.

DEPARTMENT'S RESPONSE:

The Department declines to make nexus determinations in the context of Private Letter Rulings or General Information Letters because the amount of information required to make those determinations is often best gathered by an auditor. However, the following information outlines the principles of nexus.

An "Illinois Retailer" is one who either accepts purchase orders in the State of Illinois or maintains an inventory in Illinois and fills Illinois orders from that inventory. The Illinois Retailer is then liable for Retailers' Occupation Tax on gross receipts from sales and must collect the corresponding Use Tax incurred by the purchasers.

Another type of retailer is the retailer maintaining a place of business in Illinois. The definition of a "retailer maintaining a place of business in Illinois" is described in 86 Ill. Adm. Code 150.201(i). This type of retailer is required to register with the State as an Illinois Use Tax collector. See 86 Ill. Adm. Code 150.801. The retailer must collect and remit Use Tax to the State on behalf of the retailer's Illinois customers even though the retailer does not incur any Retailers' Occupation Tax liability.

The United States Supreme Court in *Quill Corp. v. North Dakota*, 112 S.Ct. 1904 (1992), set forth the current guidelines for determining what nexus requirements must be met before a person is properly subject to a state's tax laws. The Supreme Court has set out a 2-prong test for nexus. The first prong is whether the Due Process Clause is satisfied. Due process will be satisfied if the person or entity purposely avails itself or himself of the benefits of an economic market in a forum state. *Quill* at 1910.

The second prong of the Supreme Court's nexus test requires that, if due process requirements have been satisfied, the person or entity must have physical presence in the forum state to satisfy the Commerce Clause. A physical presence is not limited to an office or other physical building. Under Illinois law, it also includes the presence of any agent or representative of the seller. The representative need not be a sales representative. Any type of physical presence in the State of Illinois, including the vendor's delivery and installation of his product on a repetitive basis, will trigger Use Tax collection responsibilities. Please refer to *Brown's Furniture, Inc. v. Zehnder*, 171 Ill.2d 410, (1996).

The final type of retailer is the out-of-State retailer that does not have sufficient nexus with Illinois to be required to submit to Illinois tax laws. A retailer in this situation does not incur Retailers' Occupation Tax on sales into Illinois and is not required to collect Use Tax on behalf of its Illinois customers. However, the retailer's Illinois customers will still incur Use Tax liability on the purchase of the goods and have a duty to self-assess and remit their Use Tax liability directly to the State.

I hope this information is helpful. If you require additional information, please visit our website at www.tax.illinois.gov or contact the Department's Taxpayer Information Division at (217) 782-3336.

Very truly yours,

Debra M. Boggess
Associate Counsel
