# Tax Rates and Distribution Formulas

Taxes disbursed by the Illinois Department of Revenue to local governments and taxing bodies are described below. Motor fuel tax is disbursed by the Illinois Department of Transportation.

## Pull tabs and jar games tax and license fees

Revenues received from the operator license fees and the 5 percent tax on gross proceeds of pull tabs and jar games are divided equally between the Common School Fund and the Illinois Gaming Law Enforcement (IGLE) Fund. Two-thirds of the amount deposited into the IGLE Fund is appropriated to the Department of Revenue, the Department of the State Police, and the Office of the Attorney General. The remaining one-third is distributed for law enforcement purposes to municipalities and counties annually in proportion to the number of licenses issued in each municipality or county.

## Charitable games tax and license fees

Revenues received from the operator license fees and the 3 percent tax on gross proceeds of charitable games are deposited into the Illinois Gaming Law Enforcement (IGLE) Fund. Two-thirds of the amount deposited into the IGLE Fund is appropriated to the Department of Revenue, the Department of the State Police, and the Office of the Attorney General. The remaining one-third is distributed for law enforcement purposes to municipalities and counties annually in proportion to the number of licenses issued in each municipality or county.

## Replacement taxes

Replacement taxes include Personal Property Replacement Tax, Electricity Distribution Tax, Invested Capital Taxes, and the state Telecommunications Infrastructure Maintenance Fee (TIMF).

**Personal Property Replacement Tax** is imposed on

- the income of corporations at the rate of 2.5 percent; and
- the income of partnerships, trusts, and S corporations at the rate of 1.5 percent.

The **Electricity Distribution Tax** is imposed on electric utilities or alternative retail electric suppliers who

- distribute electricity for use or consumption (not for resale); and
- are not electric cooperatives, school districts, or units of local government.

The tax is based on the kilowatt-hours (kwhs) distributed at the following monthly rates:

- \$0.00031 for the first 500 million kwhs
- \$0.0005 for the next 1 billion kwhs
- \$0.0007 for the next 2.5 billion kwhs
- \$0.0014 for the next 4 billion kwhs
- \$0.0018 for the next 7 billion kwhs
- \$0.00142 for the next 3 billion kwhs
- \$0.00131 for all kwhs distributed in excess of 18 billion kwhs

The tax rate for **Invested Capital Taxes** is 0.8 percent of invested capital. These taxes are imposed on

- electric cooperatives that are required to file reports with the Rural Utilities Service;
- persons engaged in the business of distributing, supplying, furnishing, or selling natural gas who are subject to the Gas Revenue Tax; and
- water companies subject to taxes imposed by the Illinois Income Tax Act.

The state **TIMF** is imposed on the gross charges charged by telecommunications retailers at the rate of 0.5 percent.

Net collections from replacement taxes are distributed eight times annually to local taxing districts. Distributions are made in January, March, April, May, July, August, October, and December.

The formula for distributing replacement tax collections is as follows:

- 51.65 percent is distributed to Cook County taxing districts, which is then distributed to the taxing districts in the county on the basis of each district's share of personal property tax collection for the 1976 tax year
- 48.35 percent is distributed to taxing bodies in downstate counties, which is distributed based on each district's share of personal property tax collection for the 1977 tax year.

## Individual and corporate income tax

The Illinois income tax rate is 3 percent for individuals, trusts, and estates and 4.8 percent for corporations. One-tenth of the net collections (gross collections minus refunds) is distributed to municipal and county governments in proportion to their population as compared to the total state population.

## State “Sales” Tax

The term “sales tax” actually refers to several tax acts. Sales tax is generally a combination of “occupation” taxes that are imposed on sellers’ receipts and “use” taxes that are imposed on amounts paid by purchasers. Sellers owe the occupation tax to the department; they reimburse themselves for this liability by collecting use tax from the buyers. “Sales tax” is the combination of all state, local, mass transit, water commission, home rule occupation and use, non-home rule occupation and use, and county public safety taxes.

### Occupation taxes

The basic rate for **general merchandise** (including items that must be titled or registered) is 6.25 percent. This basic rate is allocated as shown below.

5.00	state portion	( 80 percent of total collections)
+ 1.25	local portion	( 20 percent of total collections)
6.25	total basic rate	(100 percent of total collections)

The basic rate for **qualifying food, drugs, and medical appliances\*** is 1 percent. Local governments receive 100 percent of these collections.

### Allocation of the state portion general merchandise

The state’s 80 percent share is disbursed as shown below.

- The Build Illinois Fund receives 5.55 percent to retire bonds. Local governments indirectly receive sales tax revenues through programs financed by the Build Illinois Program.
- An allocation of 0.4 percent (referred to as “**photoprocessing**”) is distributed monthly to municipal and county governments based on population.
- Local government **tax increment financing** (TIF) districts are allocated 0.27 percent. The department distributes state sales tax collections to participating municipalities that have
  - established a State Sales Tax TIF and/or a State Utility Tax TIF before January 1, 1987;
  - produced an incremental growth in State Utility Tax for the TIF cycle when measured against the 1985 TIF base.Funds are prorated to each participating municipality and are distributed quarterly based on its share of the overall TIF net state increment.
- The remaining amount of the state’s share of sales tax is deposited in the state’s general funds. Subsequent disbursements to local governments are shown below.
  - Through March 31, 2000, 1.7 percent was deposited into the **Motor Fuel Tax Fund**, of which 70.6 percent was allocated to local governments. Effective April 1, 2000, this transfer is no longer made.
  - A transfer of state sales tax collections to the Public Transportation Fund, equal to 25 percent of the revenues derived from the Regional Transportation Authority’s locally imposed taxes.
  - Two thirty-seconds of state sales tax revenues is transferred to two funds: collections from sales within the boundaries of downstate mass transit districts are transferred to the **Downstate Public Transportation Fund**; collections from sales within the boundaries of the **Metro-East Mass Transit District** (MED) are transferred to the Metro-East Mass Transit District Fund.

### Allocation of the local portion of sales tax on general merchandise and qualifying food, drugs, and medical appliances\*

#### General merchandise

5.00	state portion	( 80 percent of total collections)	
+ 1.25	local portion	( 20 percent of total collections)	— 1.00 county/municipal sales tax (16 percent of total collections)

The local governments’ 20 percent share of general merchandise and 100 percent of the amount from sales of qualifying food, drugs, and medical appliances\*, is disbursed as shown below. These amounts are in addition to the transfers from the state portion identified above.

- **Municipal share of state sales tax** — Municipalities receive the equivalent of 16 percent of the total general merchandise collections and 100 percent of the tax collected on qualifying food, drugs, and medical appliances\* sold within their incorporated boundaries. Collections are distributed monthly based on sales occurring in each municipality.

their unincorporated areas. Collections are distributed monthly based on sales occurring in the unincorporated areas of each county.

- **Countywide share of state sales tax** — All counties but Cook county receive the equivalent of 4 percent of the total general merchandise collections on general merchandise sold anywhere in the county. Cook county's share is disbursed to the Regional Transportation Authority (RTA). Collections are distributed monthly.

## State Use Tax

Use tax is a tax imposed on the privilege of using, in Illinois, any item of tangible personal property that is purchased anywhere at retail. The user pays the tax. In most cases, registered retailers act as the collectors of this use tax and pay the tax to us in the form of sales (occupation) tax. Tax on purchases from non-registered retailers is remitted directly to the department. Use tax is also collected by out-of-state registered retailers who remit it to the department.

The rate for **general merchandise** (including items that must be titled or registered) is 6.25 percent. This rate is allocated as shown below.

5.00	state portion	( 80 percent of total collections)
+ 1.25	local portion	( 20 percent of total collections)
6.25	total rate	(100 percent of total collections)

The rate for **qualifying food, drugs, and medical appliances\*** is 1 percent. Local governments receive 100 percent of these collections.

### Allocation of the local portion of use tax on general merchandise and qualifying food, drugs, and medical appliances\*

The local governments' 20 percent share of general merchandise and 100 percent of the amount from sales of qualifying food, drugs, and medical appliances\* is disbursed as shown below.

- **Titled or registered items**

**Municipal share of state use tax** — Municipalities receive the equivalent of 16 percent of the total use tax on out-of-state purchases of titled or registered general merchandise for which the title or registration address of record is within their boundaries.

**County share of state use tax** — Counties receive the equivalent of 16 percent of the total use tax on out-of-state purchases of titled or registered general merchandise for which the title or registration address of record is within their unincorporated areas.

**Countywide share of state use tax** — All counties but Cook county receive the equivalent of 4 percent on out-of-state purchases of titled or registered general merchandise for which the title or registration address of record is within their boundaries. Cook county's share is disbursed to the Regional Transportation Authority (RTA).

- **Other general merchandise and qualifying food, drugs, and medical appliances\***

Monthly distributions from the local governments' 20 percent share of the 6.25 percent use tax rate on other general merchandise (*i.e.*, not including titled and registered items, above) and 100 percent of the 1 percent use tax rate from sales of qualifying food, drugs, and medical appliances\* are made in the following order:

- 20 percent to Chicago,
- 10 percent to the Regional Transportation Authority (RTA),
- 0.6 percent to the Metro-East Mass Transit District (MED),
- \$3.15 million to the Build Illinois Fund, and
- The remainder to municipal and county governments (except Chicago) based on each local government's population (referred to as "**local**" use tax)

\*See 86 Ill. Adm. Code 130.310.

## Locally imposed sales taxes

Depending on the sale location, the actual sales tax rate may be higher than the basic rate because of locally imposed home rule, non-home rule, water commission, mass transit, and county public safety sales taxes. Each month, the department allocates any locally imposed taxes to the unit of local government that imposes the tax based on sales occurring in the local government's boundaries. These taxes are identified below.

- **Home rule and non-home rule sales and use taxes** — Home rule units of local government are authorized to impose a home rule sales tax (in 0.25 percent increments) to be collected by the department. The tax is imposed on the same general merchandise base as the state sales tax, excluding titled or registered tangible personal property (such as vehicles, watercraft, aircraft, trailers, and mobile homes), and qualifying food, drugs and medical appliances.\*

Certain non-home rule units of local government are authorized to impose a non-home rule sales tax (in 0.25 percent increments) to be collected by the department. The tax is imposed on the same general merchandise base as the state sales tax, excluding titled or registered tangible personal property (such as vehicles, watercraft, aircraft, trailers, and mobile homes), and qualifying food, drugs and medical appliances.\*

The department administers the 1 percent Chicago Home Rule Use Tax on automobiles and other titled or registered items sold by dealers located in the counties of Cook, Kane, Lake, McHenry, Du Page, and Will selling items that will be registered to an address within the corporate limits of Chicago.

- **Du Page Water Commission Tax** — The Du Page Water Commission Tax of 0.25 percent is imposed on sales of general merchandise within the boundaries serviced by the Du Page Water Commission. The department collects the taxes and distributes them monthly to the Du Page Water Commission.

### ■ Mass Transit District Taxes

The Regional Transportation Authority (RTA) imposes taxes at the following rates:

- 0.75 percent sales tax on general merchandise in Cook County
- 1.00 percent sales tax on qualifying food, drugs, and medical appliances\* in Cook County
- 0.25 percent sales tax on general merchandise and qualifying food, drugs, and medical appliances\* in Du Page, Kane, Lake, McHenry, and Will counties

The Metro-East Mass Transit District (MED) imposes taxes at the following rates:

- 0.25 percent sales tax on general merchandise and sales of qualifying food, drugs, and medical appliances\* in Madison County
- 0.75 percent sales tax on general merchandise (excluding items that are titled or registered) and sales of qualifying food, drugs, and medical appliances\* in St. Clair County
- 0.25 percent sales tax on sales of titled or registered general merchandise in St. Clair County and Madison County

Madison and St. Clair counties' distributions are made separately.

- **County motor fuel tax** — Du Page, Kane, and McHenry counties may impose a county motor fuel tax on the retail sale of motor fuel at a rate not to exceed 4 cents per gallon. Du Page and McHenry counties impose the tax at the maximum rate, while Kane County imposes the tax at 2 cents per gallon.
- **Special county retailers' occupation tax for public safety** — County governments are authorized to impose, with voter approval, a countywide tax (in 0.25 percent increments) to be collected by the department. The tax is imposed on the same general merchandise base as the state sales tax, excluding titled or registered tangible personal property (such as vehicles, watercraft, aircraft, trailers, and mobile homes), and qualifying food, drugs and medical appliances\*.

## Automobile renting occupation and use tax

Counties, municipalities, the Regional Transportation Authority (RTA), the Metro-East Mass Transit District (MED), and the Metropolitan Pier and Exposition Authority (MPEA) are allowed to impose occupation and use taxes on automobile rentals. County and municipal governments and the Metro-East Mass Transit District (MED) may impose taxes of up to 1 percent. The Regional Transportation Authority (RTA) may impose such taxes at a rate not to exceed 1 percent in Cook County or 0.25 percent in Du Page, Kane, Lake, McHenry, and Will counties. The Metropolitan Pier and Exposition Authority (MPEA) imposes a 6 percent tax on automobiles rented within Cook County. The department collects this tax and remits payment monthly to the municipalities and counties where the rentals took place.

\*See 86 Ill. Adm. Code 130.310.

## **Motor fuel tax**

The motor fuel tax rates are 19 cents per gallon on motor fuel and 21.5 cents per gallon on diesel fuel. This tax is disbursed by the Illinois Department of Transportation.

## **Replacement Vehicle Taxes**

The tax is imposed on the purchase of passenger cars bought in Illinois by or on behalf of an insurance company to replace an insured person's passenger car in settlement of a total loss claim. The Illinois Municipal Code authorizes Illinois municipalities to impose a replacement vehicle tax of \$50 on any passenger car purchased within the municipality by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. The Counties Code allows Illinois counties to impose a \$50 replacement vehicle tax on any passenger car purchased within the county (but outside any incorporated municipality imposing a replacement vehicle tax) by or on behalf of an insurance company to replace a passenger car of an insured person in settlement of a total loss claim. Collections, minus administrative fees, are distributed monthly to the municipality or county from which the tax was collected.

## **Hotel taxes**

- Under the Illinois Municipal Code, Chicago imposes a tax of 1 percent of 99 percent on gross rental receipts from hotel operators in Chicago. Collections, minus a 4 percent administrative fee, are distributed monthly to Chicago.
- The Illinois Sports Facility Authority imposes a tax of 2 percent of 98 percent on gross receipts from hotel operators in Chicago. Collections, minus a 4 percent administrative fee, are distributed monthly to the authority.
- The Metropolitan Pier and Exposition Authority (MPEA) imposes a 2.5 percent tax on the gross receipts from hotel operators within the city of Chicago. Collections are certified to the state treasurer for distribution to the MPEA to pay for the expansion of McCormick Place in Chicago.
