Illinois Department of Revenue
Form TP-1-IL, Uniform Tobacco Transaction Schedule Instructions

General Instructions

Who must file Form TP-1-IL?

You must file Form TP-1-IL, Uniform Tobacco Transaction Schedule, to report all transactions of tobacco products in a reporting period. Form TP-1-IL consists of multiple schedules. See below for a list of Schedule Codes and descriptions to determine which schedule to use depending on the transaction.

When do I file Form TP-1-IL?

You must file Form TP-1-IL with Form TP-1, Uniform Tobacco Products Tax Return, on or before the 15th day of each month to report transactions, purchases, returns, and sales, you made during the preceding month. All tobacco product distributors are mandated to electronically file Form TP-1. If the due date falls on a weekend or holiday, your return and payment are due the next business day.

If you have no purchases or sales during a month, you must still file a return for that liability period.

What if I need assistance?

If you have questions about this return, email us at **REV.ATP-MFR@illinois.gov** or call our Springfield office weekdays between 8:00 a.m. and 4:00 p.m. at 217 782-6045.

You may also visit our website at **tax.illinois.gov** or scan the QR code provided.

Definitions

E-cigarettes

Electronic cigarette means:

- Any device that employs a battery or other mechanism to heat a solution or substance to produce a vapor or aerosol intended for inhalation, except for (A) any device designed solely for use with cannabis that contains a statement on the retail packaging that the device is designed solely for use with cannabis and not for use with tobacco or (B) any device that contains a solution or substance that contains cannabis subject to tax under the Compassionate Use of Medical Cannabis Program Act or the Cannabis Regulation and Tax Act;

- Any cartridge or container of a solution or substance intended to be used with or in the device or to refill the device, except for any cartridge or container of a solution or substance that contains cannabis subject to tax under the Compassionate Use of Medical Cannabis Program Act or the Cannabis Regulation and Tax Act; or

- Any solution or substance, whether or not it contains nicotine, intended for use in the device, except for any solution or substance that contains cannabis subject to tax under the Compassionate Use of Medical Cannabis Program Act or the Cannabis Regulation and Tax Act.

- Electronic cigarette includes, but is not limited to, any electronic nicotine delivery system, electronic cigar, electronic cigarillo, electronic pipe, electronic hookah, vape pen, or similar product or device, and any component or part that can be used to build the product or device.

Moist Snuff

Moist snuff means any finely cut, ground, or powdered tobacco that is not intended to be smoked, but shall not include any finely cut, ground, or powdered tobacco that is intended to be placed in the nasal cavity.

Other Tobacco Products (OTP)

For reporting purposes, Other Tobacco Products (OTP) are any products that meet the definition of "Tobacco Products" **excluding** products that meet the definition of "E-cigarette" or "Moist Snuff".

Taxable Products

Sales of tobacco products, excluding little cigars, by distributors who will not sell the product to a retailer or consumer are not subject to the tax imposed by the Tobacco Products Tax Act of 1995 (the Act). Sales by a distributor to another distributor as sales for resale are not subject to the tax imposed by the Act. Sales of tobacco products to retailers or consumers are taxable sales. See 86 Ill. Adm Code 660.5 and 660.30.

Tobacco Products

Tobacco products means any product that is made from or derived from tobacco that is intended for human consumption or is likely to be consumed, including but not limited to cigars, including little cigars; cheroots; stogies; periques; granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco; snuff (including moist snuff) and snuff flour; cavendish; plug and twist tobacco; fine-cut and other chewing tobaccos; shorts; refuse scraps, clippings, cuttings, and sweeping of tobacco; snus; shisha and tobacco for use in waterpipes; and other kinds and forms of tobacco, prepared in such manner as to be suitable for chewing or smoking in a pipe or otherwise, or both for chewing and smoking for inhalation, absorption, or ingesting by any other means; but does not include cigarettes as defined in Section 1 of the Cigarette Tax Act or tobacco purchased for the manufacture of cigarettes by cigarette distributors and manufacturers defined in the Cigarette Tax Act and persons who make, manufacture, or fabricate cigarettes as a part of a Correctional Industries program for sale to residents incarcerated in penal institutions or resident patients of a State operated mental health facility.

Beginning July 1, 2025, "tobacco products" also includes any product that is made from or derived from tobacco, or that contains nicotine whether natural or synthetic, that is intended for human consumption or is likely to be consumed, including but not limited to nicotine pouches, lozenges, and gum; and other kinds and forms of nicotine prepared in such manner as to be suitable for chewing or smoking in a pipe or otherwise, or both for chewing and smoking or for inhalation, absorption, or ingesting by any other means.

In addition, beginning on July 1, 2025, "tobacco products" does not include any product that has been approved by the United States Food and Drug Administration for sale as a tobacco or smoking cessation product, a nicotine replacement therapy product, or for other medical purposes where that product is marketed and sold solely for such approved use, including but not limited to spray or inhaler prescribed by a physician, chewing gum, skin patches, or lozenges.

The tobacco products tax is imposed upon the last distributor who sells tobacco products to a retailer or consumer located in Illinois.

Note: For help determining which return to file for little cigars, see the **cigarette tax and cigarette use tax forms** webpage. Little cigar means and includes any roll, made wholly or in part of tobacco, where such roll has an integrated cellulose acetate filter and weighs less than 4 pounds per thousand and the wrapper or cover of which is made in whole or in part of tobacco.

Wholesale Price

Wholesale price means the total invoice price at which tobacco products are sold by a distributor before the allowance of any discounts, trade allowance, rebates, or other reductions for all products sold or otherwise disposed of during the filing period. Surcharges added by distributors are considered part of the wholesale price subject to tax.

For help on setting up a CSV file, see the next page of these instructions.

Schedule: Submission with CSV file in MyTax Illinois

The CSV (Comma Separated Value) file format is used for importing the tobacco products schedules file directly to an Illinois Form TP-1-IL. The import feature is recommended for users who have software that can create the CSV format. Using a spreadsheet program (*e.g.,* Excel), columns are required to create a CSV file that is recognized and accepted by MyTax Illinois. You may also use a text file following the same formatting. The file should have no header row.

Note: Due to the new layout of Form TP-1 and its Transaction Schedule, there will be a maximum file limit (based on size of CSV formatted file). If your return and schedules exceed 50MB, you will be required to file using the direct file method. As we monitor performance of the system with the new layouts, this maximum file limit may be reduced in order to provide the best taxpayer experience and to consider system resources. See our website at **tax.illions.gov** for details on the direct filing method.

The file must contain the following columns in this order:

	Field Name	Max Length	Data Type	Description
1st Column	Schedule Code	2 characters	Numeric & Alpha	Indicate which schedule type the entry belongs on by entering "1A", "1B", "1C", "1D", "2A", "2B", "2C", or "2D".
