Schedule J Instructions

General Information

What is the purpose of Schedule J?

The purpose of Schedule J is to allow you to claim a subtraction on your Form IL-1120 for dividends received from a foreign corporation. A foreign corporation is any corporation not created or organized under the laws of the United States or any state or political subdivision thereof. The term "United States" includes only the 50 states and the District of Columbia.

What if I am a member of a unitary business group?

If you are a member of a unitary business group filing an Illinois combined return, you must complete one Schedule J for the entire group as though you are one taxpayer. U.S. Schedule C must be completed based on the dividends of all members of the unitary group included in the Illinois combined return.

Note If your tax year ending is prior to December 31, 1993, and you are filing Illinois separate unitary returns, you must complete a separate Schedule J for each member filing Form IL-1120.
