IL Attachment No. 19

**Read this information first - For original returns only.** Do not use this form with any amended return filed after the extended due date of the return. We encourage you to let us figure your penalties and send you a bill, instead of completing this form yourself.

We will waive the late payment penalty for underpayment of estimated tax if you timely paid the lesser of 100 percent of the prior year's tax liability or 90 percent of the current year's tax liability. If you elect to complete Form IL-2220, this form reflects that waiver.

### Step 5: Figure your late-filing penalty and your total penalties

### **Note** Complete Lines 23 through 25 to figure your late-filing penalty only if

- you are filing your return after the extended due date; and
- your tax was not paid by your original due date.
- 23 Write the amount of your tax due from your annual return. See instructions.
- 24 Multiply the amount on Line 23 by 2% (.02).
- **25** Write the lesser of Line 24 or \$250. This is your **late-filing penalty**.
- 26 Write your late-payment penalty for unpaid tax from Line 22.
- 27 If you have an overpayment on your tax return\*, write that amount as a <negative number>.

  If you have an amount due on your tax return\*, write that amount here.
  - \*

    Note → See instructions for the correct line references for all tax returns.
- **28** Add Lines 25, 26, and 27. If the result is positive, this is the total amount you owe. If the result is negative, this is the amount you are overpaid (before any amount applied to next year's estimated payment).

This amount may not match your overpayment or tax due on your original tax form. Pay the amount on Line 28 if you wish to pay your penalties at this time. Otherwise, we will send you a bill.
