You may not take this credit for programs with national standards that have been or will be approved by the U.S. Department of Labor, Bureau of Apprenticeship Training, or any federal agency succeeding to the responsibilities of that bureau.

Definitions "Qualifying TECH-PREP programs" are those certified by the Illinois State Board of Education.

- you placed qualified property, as defined below, in service on or after the date the business was designated as a high impact business and on or before the last day of your tax year, and
- you continued to use the property on the last day of your tax year.

You may not take this credit

- if the property is eligible for the Enterprise Zone or River Edge Redevelopment Zone Investment Credit, or

■ Enterprise Zone or River Edge Redevelopment Zone Investment Credit

You may take this credit if you

- placed qualified property in service in an Illinois enterprise zone or river edge redevelopment zone within the tax year,
- placed the qualified property in service on or after the date the zone was officially designated as an enterprise zone or river edge redevelopment zone, and

- continued to use the qualified property on the last day of your tax year.

Definitions “Qualified property” is property that

- is tangible,
- is depreciable according to IRC Section 167,
- has a useful life of four or more years as of the date placed in service in Illinois, and
- is acquired by purchase as defined in IRC Section 179(d).

Qualified property can be new or used but does not qualify for the Enterprise Zone or River Edge Redevelopment Zone Investment Credit if it was previously used in Illinois in a manner that qualified for that credit or for the credit on Form IL-477, Replacement Tax Investment Credit. Such property includes buildings, structural components of buildings, and signs that are real property. It does not include land or improvements to real property that are not a structural component of a building, such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances.

Any improvement or addition made on or after the date the enterprise zone or river edge redevelopment zone was designated or the business was designated as a high impact business is considered to be qualified property to the extent that the improvement or addition is of a capital nature, which increases the adjusted basis of the property previously placed in service in Illinois and otherwise meets the requirements of qualified property.

■ Historic Preservation Credit

For tax years beginning on or after January 1, 2011, the Historic Preservation Credit is the amount awarded by DCEO under the Historic Preservation Tax Credit Pilot Program Act during the tax year. To qualify for the credit, you must have applied for and received a tax credit certificate from DCEO or received a certificate from DCEO showing that a credit was transferred to you. Contact DCEO for more information.

Line 62 - Write the amount of credit from the tax credit certificate you received from DCEO, including any credit transferred to you by the person who earned the credit.

Lines 63 and 64 - Follow the instructions on the form.

Attach You must attach the tax credit certificate you received from DCEO and a copy of Schedule K-1-P to your Form IL-1040, if you enter an amount on Line 63.

Step 4: Figure your credit

This step allows you to figure the amount of credit you may use this year. Unused credit carryforward available from previous years is used first, beginning with the credit that will expire first.

Definitions “**Unused credit carryforward**” is any credit amount that you earned in a previous year, less any credit that you applied to unpaid tax in following tax years, less any credit that has expired. For example, if you earned a Dependent Care Assistance Program Credit in 2011 in the amount of \$5,000, and you used \$2,000 credit on your 2011 tax return, you had \$3,000 left to carry forward for two years. On your 2012 tax return, you used \$1,500. You now have \$1,500 left to use on your 2013 tax return. **This is your unused credit carryforward.** If you are not able to use all \$1,500 on the 2013 return, you will forfeit the excess credit.

Lines 1 through 27 - Follow the instructions on the form.

Line 28 - Add Lines 28a through 28l. This is the amount of credit you may use this year. Write the amount here and on your Form IL-1040, Line 18.

Step 5: Figure your credit available to be carried forward

Lines 1 through 10 - Follow the instructions on the form.

Note Please keep a copy of this schedule with your tax records. You will use your completed Step 5 of this schedule to complete next year's Schedule 1299-C.
