TECH-PREP Youth Vocational Programs Credit

"Qualifying TECH-PREP programs" are those certified by the Illinois State Board of Education.

Employee Child Care Tax Credit

"Start-up costs" include planning, site-preparation, construction, renovation, or acquisition of a child care facility.

Enterprise Zone, River Edge Redevelopment Zone, and High Impact Business Investment Credits

"Qualified property" is property that

- is tangible;
- is depreciable according to Internal Revenue Code (IRC) Section 167;
- has a useful life of four or more years as of the date placed in service in Illinois; and
- is acquired by purchase as defined in IRC Section 179(d).

Qualified property can be new or used but does not qualify for the Enterprise Zone, River Edge Redevelopment Zone, or High Impact Business Investment Credits if it was previously used in Illinois in a manner that qualified for that credit or for the Replacement Tax

Investment Credit on Form IL-477, Replacement Tax Investment Credits. Qualified property includes buildings, structural components of buildings, and signs that are real property. It does not include land or improvements to real property that are not a structural component of a building, such as landscaping, sewer lines, local access roads, fencing, parking lots, and other appurtenances.

Any improvement or addition made on or after the date the enterprise zone or river edge redevelopment zone was designated, or the business was designated as a high impact business, is considered to be qualified property to the extent that the improvement or addition increases the adjusted basis of the property previously placed in service in Illinois and otherwise meets the requirements of qualified property.

Research and Development Credit

“Qualifying expenses” are expenditures qualifying under IRC Section 41 that are attributable to research in Illinois, including certain payments to qualified organizations for basic research in Illinois.

“Qualifying expenses for increasing research activities in Illinois” are the excess of qualifying expenses incurred for the current tax year over qualifying expenses incurred for the base period.

“Base period” is the **three** tax periods immediately preceding the current year.

“Qualified research” is research or experimental activities that create or improve a function, performance, reliability, or quality. Research must be performed in Illinois and be of a technical nature and be intended to be useful in the development of a new or improved business component held for sale, lease, license, or use by you in your business.

Ex-Felons Jobs Credit

“Qualified wages” means wages you paid during the one-year period beginning with the date an ex-offender begins working for you. Only wages that are subject to unemployment tax under IRC Section 3306 qualify. This includes amounts in excess of the maximum taxable wage. Wages paid during any period for which you received federally funded payments for on-the-job training for the ex-offender do not qualify.

A **“qualified ex-offender”** means an Illinois resident who

- has been convicted of any crime in this State or of any offense in any other jurisdiction, other than an offense or attempted offense that would subject a person to registration under the Sex Offender Registration Act;
- was sentenced to a period of incarceration in an Illinois adult correctional center; and

- served on active duty in connection with Operation Desert Storm, Operation Enduring Freedom, or Operation Iraqi Freedom;
- has provided you with documentation showing that he or she was honorably discharged;

- was employed by you at least 185 days during the tax year.

A **“qualified unemployed veteran”** means an Illinois resident who

- was a member of the Armed Forces of the United States (including any reserve component) or of the Illinois National Guard;

- has provided you with documentation showing that he or she was honorably discharged;
- was initially hired by you on or after June 1, 2012;

- was unemployed for a total of 4 weeks or more during the six week period ending on the Saturday immediately preceding the date he or she was hired by you; and
- was employed by you
 - at least 185 days; or
 - at least 31 days if that employee was unemployed for a total of six months or more during the one year period ending on the date he or she was hired.

These periods of employment may be completed after the end of the taxable year in which you hired the veteran.

Note An employee qualifies as unemployed for a week if he or she has received unemployment benefits for the week, or has not been employed since being honorably discharged.

“Qualified wages” means gross wages paid to a “qualified veteran” or a “qualified unemployed veteran” in the course of that veteran’s sustained employment.

Student Assistance Contribution Credit

“Qualified education pre-paid tuition plans” include

- Illinois Bright Start Savings Pool,
- Illinois Bright Directions Savings Pool,

TECH-PREP Youth Vocational Programs Credit

You may take this credit if

- you are primarily engaged in manufacturing, and
- you have direct payroll expenses for qualifying cooperative secondary school youth vocational programs in Illinois, or you pay for personal services performed by a TECH-PREP student or instructor who would be subject to withholding if they were employed by you and no other credit is claimed by the actual employer.

You may not take this credit for programs with national standards that have been or will be approved by the U.S. Department of Labor, Bureau of Apprenticeship Training, or any federal agency succeeding to the responsibilities of that bureau.

Line 1 — Add the amount of direct payroll expenses for cooperative secondary school youth vocational programs and the amount paid to a TECH-PREP student or instructor employed by you for personal services performed. Enter the total amount on the line provided.

Note For several credits, you may have more qualifying items than space provided on Schedule 1299-D. For any of these credits in which you exceed the allotted space on the schedule, attach a separate attachment in the same format as Illinois Schedule 1299-D.

Include the individual amounts from multiple schedules in the total line for each credit on Schedule 1299-D. **Do not enter the total on your attachment pages.**

For example, if you have more than three qualifying employees for the veterans credit, attach an additional sheet in the same format provided on the Schedule 1299-D. Add the totals from the 1299-D and the attachment and enter the total on Schedule 1299-D, Line 46.

Step 2: Figure your credit

This step allows you to figure the amount of credit you may use this year, through the use of unused credit carryforwards available from previous years, and credits earned in the current year in Step 1. Credits are applied based on the earliest expiration.

Definitions “**Unused credit carryforward**” refers to any credit amount that you earned in a previous year, less any credit that you applied to unpaid tax in subsequent tax years, and less any credit that has expired.

For example, if you earned a Dependent Care Assistance Program Credit in 2012 in the amount of \$5,000, and you used \$2,000 on your 2012 tax return, you had \$3,000 left to carry forward for two years. On your 2013 tax return, you used \$1,500. You now have \$1,500 left to use on your 2014 tax return. **This is your unused credit carryforward.** On your 2014, Illinois Schedule 1299-D, Step 2, Line 4, you would enter \$1,500. If you are not able to use all \$1,500 on the 2014 return, you will forfeit the excess credit.
