Schedule K-1-P(2) Partner's and Shareholder's Instructions

General Information

What is the purpose of Schedule K-1-P?

The partnership or the S corporation listed on the front of Schedule K-1-P has completed and provided you with the schedule to reflect your specific share of the partnership's or the S corporation's income, modifications, and credits. Use the completed schedule and these instructions to help you report the items shown on Schedule K-1-P on your Illinois Income Tax return. **Attach a copy of Schedule K-1-P to your tax return and keep a copy for your records.**

What must I attach?

You **must** attach a copy of **any Schedule K-1-P** you receive from partnerships and S corporations to your tax return. You should also keep a copy for your records.

Note If you receive a Schedule K-1-P that has "the following information is included in the Schedule K-1-P from _______" (the name of the partnership or S corporation) written at the top, it is a pro forma Schedule K-1-P. The pro forma Schedule K-1-P has been included to aid you in the completion of your return and should **not** be submitted with your tax return.

What if the partnership is an investment partnership?

If the partnership that completed the Schedule K-1-P entered "investment partnership" in Step 1, Line 4, all of the income you receive from the partnership is usually treated as nonbusiness income that is allocable to your state of residence (individuals) or state of commercial domicile (all other persons or entities). However, the income you receive from the partnership will be treated as business income if your investment in the partnership is related to another business activity of yours or serves an operational function to another business activity of yours or where your contribution to the partnership was made out of working capital from your trade or business. If your income is treated as business income, you must apportion it as if you had earned the income directly, rather than through the partnership. The apportionment should be completed on the correct forms, as follows:

Nonresident individuals - use Form IL-1040, Schedule NR.

Nonresident trusts and estates - use Form IL-1041, Schedule NR.

Note **Illinois residents may not include any income from an investment partnership in Column B of their Schedule CR.**

Corporations (excluding S corporations) - use Form IL-1120 and complete Step 4, Figure your income allocable to Illinois.

Partnerships or S corporations - use Form IL-1065 or Form IL-1120-ST and complete Step 6, Figure your income allocable to Illinois.

Exempt organizations - use Form IL-990-T and complete Step 3, Figure your income allocable to Illinois.

What if I am engaged in a unitary business with this partnership?

If you are engaged in a unitary business with this partnership but the partnership is not included in your Schedule UB, Combined Apportionment for Unitary Business Group, the partnership should have attached a schedule showing your share of the partnership's apportionment factors and business income. You must determine the portion of your business income taxed by Illinois by adding your share of the partnership's business income and apportionment factors to your own business income and apportionment factors. If the partnership is included in your Schedule UB, report the items on the Schedule K-1-P in the same manner as you would report the items from a non-unitary partner.

What if I am a Grantor Trust or Disregarded Entity?

If you are a grantor trust or other disregarded entity for federal and Illinois income tax purposes, check the applicable box on Line 9b, enter the name and identification number of the taxpayer that will report the income or loss from your Schedule K-1-P on their tax return, and provide them with a copy of the Schedule K-1-P and a copy of these instructions.

What if I received Schedule K-1-P from a Grantor Trust or Disregarded Entity?

If the grantor trust or disregarded entity checkbox on Line 9b is checked and your name and identification number are listed, report the items from the Schedule K-1-P as if it were provided to you by the taxpayer in Step 1.

What if I believe the partnership or the S corporation has made an error on my Schedule K-1-P?

If you believe the partnership or the S corporation has made an error on your Schedule K-1-P, notify the partnership or the S corporation and ask for a corrected Schedule K-1-P. Do not change any items on your copy.

What does Column A represent?

Column A represents your specific share of the partnership's or the S corporation's income, modifications, and credits. The partnership or the S corporation is required to complete this column if you were a partner or shareholder at any time during the partnership's or the S corporation's tax year. If you were a resident of Illinois on the last day of the partnership's or S corporation's taxable year, all amounts in Column A must be included as income, modifications, and credits allocated to Illinois. If you were a resident of Illinois on the last day of the partnership's or the S corporation's tax year, **and** you are claiming a credit for taxes paid to another state, see "What does Column B represent?" below.

What does Column B represent?

Column B represents the portion of Column A that is allocated or apportioned to Illinois. If you were not a resident of Illinois on the last day of the partnership's or the S corporation's tax year, be sure the amounts reported in Column B are included in the Illinois amounts reported on your

Line 55 — This is your share of federal income attributable to transactions subject to the Compassionate Use of Medical Cannabis Pilot Program Act surcharge. Use this information when calculating the surcharge on your return.

See the instructions below and the instructions for the return you are filing for more information.

Definitions related to the Compassionate Use of Medical Cannabis Pilot Program Act Surcharge —

Organization registrant means a corporation, partnership, trust, limited liability company (LLC), or other organization that holds either a medical cannabis cultivation center registration issued by the Illinois Department of Agriculture or a medical cannabis dispensary registration issued by the Illinois Department of Financial and Professional Regulation.

Transactions subject to the surcharge means sales and exchanges of

- capital assets;
- depreciable business property;
- real property used in the trade or business; and
- Section 197 intangibles

of an organization registrant.

What is the surcharge?

For each taxable year beginning or ending during the Compassionate Use of Medical Cannabis Pilot Program, a surcharge is imposed on all taxpayers on income arising from the transactions subject to the surcharge of an organization registrant under the Compassionate Use of Medical Cannabis Pilot Program Act.

The amount of the surcharge is equal to the amount of federal income tax liability for the taxable year attributable to the transactions subject to the surcharge.

To whom does the surcharge apply?

The surcharge is imposed on any taxpayer who incurs a federal income tax liability on the income realized on a "transaction subject to the surcharge," including individuals and other taxpayers who are not themselves the "organization registrant" that engaged in the transaction.

A partner or shareholder who incurs a federal income tax liability on income from a transaction subject to surcharge passed through from a partnership or S corporation will incur a surcharge.

Note Although a unitary business group filing combined Illinois returns is treated as a single taxpayer and its members are jointly and severally liable for any surcharge imposed on the group, the group itself is not an organization registrant and transactions of any member that is not itself an organization registrant are not subject to the surcharge.

How do I use the amount reported on Line 55?

The amount reported on Line 55 identifies your share of any federal income attributable to transactions subject to the surcharge. The partnership and S corporation listed in Step 1 should have also provided you with a breakdown itemizing any amount reported on Line 55.

Use this information when completing the "Compassionate Use of Medical Cannabis Pilot Program Act Surcharge Worksheet" found in the instructions for the return you are filing. Line 55 identifies federal income attributable to transactions subject to the surcharge that should not be included when you complete Line 2 of the worksheet.

Note The amount on Line 55 identifies **federal income** attributable to transactions subject to the surcharge, **not** federal income tax liability for the taxable year attributable to the transactions subject to the surcharge. Exclude this income before figuring the federal income tax amount on Line 2 of the worksheet.

For more information, see Illinois Income Tax Regulations, Section 100.2060.
