General Information

Who must file Form IL-1065?

You must file Form IL-1065, Partnership Replacement Tax Return, if you are a partnership (see "Definitions to help you complete your Form IL-1065") and you have base income or loss as defined under the Illinois Income Tax Act (IITA) allocable to Illinois.

If you are a partnership organized for the sole purpose of playing the Illinois State Lottery, you are not required to file a Form IL-1065.

A person transacting an insurance business organized under a Lloyd's plan of operation may file a Form IL-1065 on behalf of all its underwriters, including corporations and residents. You must refer to 86 Ill. Adm. Code Section [100.5130](#), for specific instructions on how to properly complete Form IL-1065 and determine what you need to attach to your return.

All underwriters who are members of an insurance business organized under a Lloyd's plan of operation may be included on Form IL-1065. No credit is allowed to any underwriter for its share of tax paid on Form IL-1065.

What forms must I use?

In general, you must obtain and use forms prescribed by the Illinois Department of Revenue (IDOR). Separate statements not on forms provided or approved by IDOR will not be accepted and you will be asked for appropriate documentation. **Failure to comply with this requirement may result in failure to file penalties, a delay in the processing of your return, or a delay in the generation of any overpayment.** Additionally, failure to submit appropriate documentation when requested may result in a referral to our Audit Bureau for compliance action.

Partnerships must complete Form IL-1065. Do not send a computer printout with line numbers and dollar amounts attached to a blank copy of the return. Computer generated printouts are not acceptable, even if they are in the same format as IDOR's forms. Computer generated forms from an IDOR-approved software developer are acceptable.

If you are a member of a unitary business group, you may not file a combined return, but you may have special filing requirements. See the [instructions for Illinois Schedule UB](#) and "What if I am a member of a unitary group?" in the general instructions below for information about your filing requirements.

Note Form IL-1065 (R-12/22) is for tax year ending on or after December 31, 2022, and before December 31, 2023. For tax years ending on or after December 31, 2021, and before December 31, 2022, use the 2021 form. Using the wrong form will delay the processing of your return.

How do I register my business?

If you are required to file Form IL-1065, you should register with IDOR. You may register

- online with [MyTax Illinois](#), our free online account management program for taxpayers;
- by completing [Form REG-1, Illinois Business Registration Application](#), and mailing it to the address on the form; or
- by visiting a [regional office](#).

Visit our website at [tax.illinois.gov](#) for more information.

Registering with IDOR **prior to filing your return** ensures that your tax returns are accurately processed.

Your identification numbers as an Illinois business taxpayer are your federal employer identification number (FEIN) and your Illinois account number.

When should I file?

In general, Form IL-1065 is due on or before the 15th day of the 4th month following the close of the tax year.

If you are operating as a business organized under the Lloyd's plan of operation, your due date is the same as your federal return due date.

Automatic six-month extension — We grant you an automatic six-month extension of time to file your partnership tax return. The automatic extension of time to file is granted whether or not you request it. You are not required to file a form in order to obtain this automatic extension. If you expect tax to be due, you must pay any tentative tax due, by the original due date of the return, in order to avoid interest and penalty on tax not paid by that date. To pay any tax due by the original due date of your return:

- visit tax.illinois.gov, for information about ACH credit,
- pay using mytax.illinois.gov, or
- mail [Form IL-1065-V, Payment Voucher for Partnership Replacement Tax](#), using the address on the form.

If an unpaid liability is disclosed when you file your return, then you may owe penalty and interest charges in addition to the tax. See the “What are the penalties and interest?” section below. **An extension of time to file your Form IL-1065 is not an extension of time for payment of Illinois tax.**

If you are operating as a business organized under the Lloyd's plan of operation, the length of your Illinois automatic extension of time to file is the same as your federal extension.

Additional extensions beyond the automatic extension period — We will grant an additional extension **only** if an extension is granted by the Internal Revenue Service (IRS) beyond the date of the Illinois automatic extension. Your additional Illinois extension will be for the length of time approved by the IRS. You must attach a copy of the approved federal extension to your Form IL-1065.

When should I pay?

Payment of tax — You must pay your Illinois Replacement Tax and pass-through withholding reported on behalf of your members or PTE tax in full on or before the original due date of the return. Failure to pay the tax due on or before the original due date of the return may result in penalty and interest. This payment date applies even though an automatic extension for filing your return has been granted. All payments must be made using Form IL-1065-V, Payment Voucher for Partnership Replacement Tax.

Extension Payments - If you expect tax to be due, you must pay any tentative tax due by the original due date of the return using Form IL-1065-V. See Appendix A for more information.

Estimated tax payments — Partnerships who elect to pay PTE tax and reasonably expect their total tax liability to exceed \$500 are required to make estimated tax payments using Form IL-1065-V. All other partnerships are not required to make estimated tax payments. See Appendix C for more information.

Voluntary Prepayments - Partnerships who do not elect to pay PTE tax or partnerships who elect to pay PTE tax and reasonably expect their total tax liability to be less than \$500, may make voluntary prepayments of their own tax liability using Form IL-1065-V. Partnerships who do not elect to pay PTE tax may also use Form IL-1065-V to make pass-through withholding prepayments on behalf of your partner. See Appendix B and Appendix C for more information.

We encourage you to make your payments electronically using MyTax Illinois or Modernized E-File (MeF) systems, or you may use Form EFT-1, Authorization Agreement for Certain Electronic Payments, to set up an ACH credit or phone debit transaction. These options can be found on our website at tax.illinois.gov. If you make your payments using MyTax Illinois, MeF, or EFT, do not mail us your IL-1065-V forms. You must use one of our electronic payment options if IDOR has notified you that you are required to make payments electronically.

We will apply each payment to the earliest due date until that liability is paid, unless you provide specific instructions to apply it to another period. You may also be assessed a bad check penalty if your remittance is not honored by your financial institution.

Who should sign the return?

Your Form IL-1065 must be signed by a partner or any other officer duly authorized to sign the return. In the case of a bankruptcy, a receiver, trustee, or assignee must sign any return required to be filed on behalf of the partnership. The signature verifies by written declaration (and under penalties of perjury) that the signing individual has personally examined the return and the return is true, correct, and complete. The fact that an individual's name is signed to a return is prima facie evidence that the individual is authorized to sign the return on behalf of the partnership.

If you are operating as a business organized under the Lloyd's plan of operation, an officer of that plan must sign Form IL-1065.

Any person paid to prepare the return (other than a regular employee of the taxpayer, such as a clerk, secretary, or bookkeeper) must provide a signature, date the return, enter the preparer tax identification number (PTIN) issued to them by the Internal Revenue Service, and provide their firm's name, FEIN, address, and phone number.

Note — If your return is not signed, any overpayment of tax is considered forfeited if, after notice and demand for signature, you fail to provide a signature within three years from the date your return was filed.

What are the penalties and interest?

Penalties — You will owe

- a **late-filing penalty** if you do not file a processable return by the extended due date;
- a **late-payment penalty** if you do not pay the tax you owe by the original due date of the return;
- a **late-payment penalty for underpayment of estimated tax** if you were required to make estimated tax payments and failed to do so, or failed to pay the required amount by the payment due date;
- a **bad check penalty** if your remittance is not honored by your financial institution; and
- a **cost of collection fee** if you do not pay the amount you owe within 30 days of the date printed on your bill.

Interest — Interest is calculated on tax from the day after the original due date of your return through the date you pay the tax.

We will bill you for penalties and interest. For more information about penalties and interest, see [Publication 103, Penalties and Interest for Illinois Taxes](#).

What if I am discontinuing my business?

Liquidation or withdrawal from Illinois — If you are a partnership that is liquidated or withdraws either voluntarily or involuntarily from Illinois during any tax year, you are still required to file tax returns. Also, we will pursue the assessment and collection of any taxes owed by you or your partners.

Sales or transfers — If you are a partnership that, outside the usual course of business, sells or transfers the major part of any one or more of

- the stock of goods which you are in the business of selling,
- the furniture or fixtures of your business,
- the machinery and equipment of your business, or
- the real property of your business,

you or the purchaser must complete and send us [Form CBS-1, Notice of Sale, Purchase, or Transfer of Business Assets](#), no later than 10 business days **prior** to the date the sale takes place. Send this form, along with copies of the sales contract and financing agreement, to:

or

REV.BulkSales@illinois.gov

What if I need to correct or change my return?

Do not file another Form IL-1065 with “amended” figures to change your originally filed Form IL-1065. If you need to correct or change your return after it has been filed, you must file [Form IL-1065-X, Amended Partnership Replacement Tax Return](#). Returns filed before the extended due date of the return are treated as your original return for all purposes. For more information, see [Form IL-1065-X instructions](#).

You should file Form IL-1065-X only after you have filed a processable Illinois Income Tax return. You must file a separate Form IL-1065-X for each tax year you wish to change.

State changes only — File Form IL-1065-X promptly if you discover an error on your Illinois return that does not relate to an error on your federal return but rather was caused by

- a mistake in transferring information from your federal return to your Illinois return;
- failing to report or misreporting to Illinois an item that has no effect on your federal return; or
- a mistake in another state’s tax return that affects the computation of your Illinois tax liability.

If you are claiming an overpayment, Form IL-1065-X must be filed within three years after the extended due date or the date the return was filed, or within one year after the tax giving rise to the overpayment was paid, whichever is latest.

Federal changes only — File Form IL-1065-X if you have filed an amended federal return or if you have been notified by the IRS that they have made changes to your return. This includes any change in your federal income tax liability, any tax credit, or the computation of your federal taxable income as reported for federal income tax purposes, if the change affects any item entering into the computation of net income, net loss, or any credit for any year under the IITA. You must file Form IL-1065-X no later than 120 days after the federal changes have been agreed to or finally determined to avoid a late-payment penalty.

If your federal change decreases the tax due to Illinois and you are entitled to a refund or credit carryforward, you must file Form IL-1065-X within two years plus 120 days of federal finalization.

Attach a copy of federal finalization or proof of acceptance from the IRS along with a copy of your amended federal form, if applicable, to your Form IL-1065-X. Examples of federal finalization include a copy of one or more of the following items:

- your audit report from the IRS and
- your federal record of account verifying your ordinary business income.

What records must I keep?

You must maintain books and records to substantiate any information reported on your Form IL-1065. Your books and records must be available for inspection by our authorized agents and employees.

Do IDOR and the IRS exchange income tax information?

The IRS and IDOR exchange income tax information for the purpose of verifying the accuracy of information reported on federal and Illinois tax returns. All amounts you report on Form IL-1065 are subject to verification and audit.

Should I round?

You must round the dollar amounts on Form IL-1065 and accompanying schedules to whole-dollar amounts. To do this, you should drop any amount less than 50 cents and increase any amount of 50 cents or more to the next higher dollar.

What if I have an Illinois net loss deduction (NLD)?

An Illinois net loss deduction (NLD) can be used to reduce the base income allocable to Illinois only if the loss year return has been filed and to the extent the loss was not used to offset income from any other tax year. S corporations and partnerships, including any that are members of a unitary group, trusts, and non-unitary corporations should use the Illinois Schedule NLD, Illinois Net Loss Deduction, to determine any NLD.

To determine your “Illinois net loss” start with federal taxable income and apply all addition and subtraction modifications and all allocation and apportionment provisions.

In order to have any available NLD applied to your return, you must claim the deduction on Step 7, Line 48. See specific instructions for Step 7, Line 48.

If you have an Illinois net loss for this tax year, you must file Form IL-1065 reporting the loss in order to carry the loss forward to another year.

If corrections have been made to the loss amount (e.g., federal audit or amended return), you must report the corrected amount when you file.

Note — Ensure you have filed returns (i.e., Form IL-1120, Form IL-1120-ST, Form IL-1041, or Form IL-1065) for all periods in which you were required to file an Illinois return. Unfiled returns may result in disallowed losses, processing delays, and further correspondence from IDOR.

If you need more information about Illinois NLD, see Schedule NLD instructions or the 86 Ill. Adm. Code Sections [100.2050](#) and [100.2300 through 100.2330](#), available on our website at tax.illinois.gov.

What are the carry provisions of the Illinois NLD?

For tax years **ending on or after December 31, 2021**, Illinois net losses cannot be carried back and can only be carried forward for 20 tax years.

For tax years **ending on or after December 31, 2003, and before December 31, 2021**, Illinois net losses cannot be carried back, and can only be carried forward for 12 years. **However**, the carryover period of any net loss that had not expired as of **November 16, 2021**, shall be extended from 12 years to 20 years.

For tax years **ending on or after December 31, 1999, and before December 31, 2003**, all Illinois net losses must be carried back two years (unless an election to only carry forward is made) then forward 20 years. The election to carry a loss forward only was made by checking the appropriate box on the original or amended loss-year return, whichever showed the loss first. Once the election was made to forgo the Illinois carryback provision, the election was irrevocable.

Losses incurred in tax years **ending before December 31, 1999**, can be carried back and carried forward for the periods allowed under Internal Revenue Code (IRC) Section 172, for the tax year in which the loss was incurred. In general, losses incurred in tax years beginning

- after August 5, 1997, and ending before December 31, 1999, must be carried back two years, then forward 20 years.
- on or before August 5, 1997, must be carried back three years, then forward 15 years.

Note For tax years ending on or after December 31, 1996, and before December 31, 2003, you may have made the election to forgo any of the previously mentioned Illinois NLD carryback periods by checking the appropriate box on your loss year return. This election must have been made by the extended due date of your return and once made was irrevocable for that tax year.

In addition, the special carryover periods in IRC Section 172, as in effect for a particular tax year, would apply to losses incurred in that year. For example, a “specified liability loss” incurred in 1998 may be carried back 10 years under IRC Section 172(b)(1)(c).

Also, no limitations under IRC Section 382 or the separate return limitation year provisions of the federal consolidated return regulations apply to any NLD carryover.

What is the standard exemption?

The standard exemption is \$1,000 multiplied by a fraction in which the numerator is your base income allocable to Illinois and the denominator is your total base income. If you have a change in your tax year end, and the result is a tax period of less than 12 months, the standard exemption is prorated based on the number of days in the short tax year. However, if this is your first or final return, you are allowed to use the full-year standard exemption even if it is a short tax year. If you need further information, see IITA Section 401(b).

Note For tax years beginning on or after January 1, 2017, the standard exemption may not be claimed if your unmodified base income is \$250,000 or more. See Specific Instructions for more information.

What attachments do I need?

When filing your return there are certain types of income items and subtraction modifications that require the attachment of Illinois or federal forms and schedules. Breakdowns, statements, and other documentation may also be required. Instructions for these attachments appear throughout the specific instructions for completing your return.

If you are operating as a business organized under the Lloyd’s plan of operation, refer to 86 Ill. Adm. Code Section [100.5130](#), to determine what you need to attach to your Form IL-1065.

Note All Illinois forms and schedules include an “**IL Attachment No.**” in the upper right corner of the form. Required attachments should be ordered numerically behind the tax return, as indicated by the IL Attachment No. Failure to attach forms and schedules in the proper order may result in processing delays.

Required copies of documentation from your federal return or other sources should be attached **behind the completed Illinois return.**

You must attach a copy of your U.S. Form 1065, Pages 1 through 5, to your Illinois return if you are required to file federally.

Schedule B, Partners’ or Shareholders’ Information, **must** be completed and attached to all Form IL-1065 filings.

You are required to attach any [Schedule\(s\) K-1-P, Partner’s or Shareholder’s Share of Income, Deductions, Credits, and Recapture](#), and [Schedule\(s\) K-1-T, Beneficiary’s Share of Income and Deductions](#), you receive. Attach Schedule(s) K-1-P and K-1-T **you received** which lists your name and FEIN in Step 2 of Schedule K-1-P or K-1-T. **Do not** attach copies of Schedule(s) K-1-P **you issued** and which lists your name and FEIN in Step 1 of Schedule K-1-P.

Note When filing your Form IL-1065, include only forms and schedules required to support your return. Send correspondence separately to:

**ILLINOIS DEPARTMENT OF REVENUE
TAXPAYER CORRESPONDENCE
PO BOX 19044
SPRINGFIELD IL 62794-9044**

Definitions to help you complete your Form IL-1065

All references to “income” include losses.

Base income means federal ordinary income plus separately stated items, modified by additions and subtractions as shown in Steps 2 through 5 of Form IL-1065. See specific instructions for Steps 2 through 5.

Business income means all income (other than compensation) that may be apportioned by formula among the states in which you are doing business without violating the Constitution of the United States. All income of a partnership is business income unless it is clearly attributable to only one state and is earned or received through activities totally unrelated to any business you are conducting in more than one state. Business income is net of all deductions attributable to that income.

Commercial domicile means the principal place from which your trade or business is directed or managed.

Nonbusiness income means all income other than business income or compensation. For more information about the different types of nonbusiness income, see the instructions for Illinois [Schedule NB, Nonbusiness Income](#).

A **partnership** is an entity that is treated as a partnership for federal income tax purposes. A partnership that elects an IRC Section 761 exclusion from the federal partnership provisions is also excluded for purposes of the IITA.

Partner includes a person treated as a partner for federal income tax purposes.

A **resident partner** means

- an individual who is present in Illinois for other than a temporary or transitory purpose;
- an individual who is absent from Illinois for a temporary or transitory purpose but who is domiciled in Illinois;
- the estate of a decedent who at his or her death was domiciled in Illinois;
- a trust created by a will of a decedent who at his or her death was domiciled in Illinois; or
- an irrevocable trust if the grantor was domiciled in Illinois at the time the trust became irrevocable. For purposes of this definition, a trust is irrevocable to the extent that the grantor is not treated as the owner of the trust under IRC Sections 671 through 678. For a more detailed explanation of “domicile” and “resident,” see the General Instructions for Form IL-1040, Individual Income Tax Return.

Nonresident partner means a partner who is not a resident of Illinois, as defined previously.

A **pass-through entity** is any entity treated as a partnership, subchapter S corporation, or trust for federal income tax purposes.

Pass-through entity income is the income that any partnership, subchapter S corporation, or trust passes through to its partners, shareholders, or beneficiaries.

PTE tax is an amount equal to 4.95% of the taxpayer’s calculated net income for the taxable year paid by a partnership (other than a publicly traded partnership under Section 7704 of the Internal Revenue Code) or subchapter S corporation who elects to pay the tax for taxable years ending on or after December 31, 2021, and beginning prior to January 1, 2026.

PTE tax credit is the distributive share of the credit allowed as a result of a partnership or S corporation having elected to pay the PTE tax.

PTE tax credit is

- reported to your partners on the Schedule K-1-P and
- reported to IDOR on your Form IL-1065 and Illinois Schedule B.

A nonresident individual partner of a partnership for a taxable year in which the election to pay PTE tax was made shall not be required to file an income tax return under the IITA for such taxable year if the only source of net income of the individual (or the individual and the individual's spouse in the case of a joint return) is from an entity making the PTE election and the credit allowed to the partner equals or exceeds the individual's liability for the tax imposed under subsections (a) and (b) of Section 201 of the IITA for the taxable year.

Pass-through withholding is the amount required to be reported and paid by the pass-through entity, who does not elect to pay PTE tax, on behalf of its **nonresident** partners, shareholders, and beneficiaries

- who have **not** submitted [Form IL-1000-E, Certificate of Exemption for Pass-through Withholding](#), to the pass-through entity, and
- who receive business and nonbusiness income from the pass-through entity.

Pass-through withholding is

- reported to your partners on the Schedule K-1-P you send to them,
- reported to IDOR on your Form IL-1065 and Illinois Schedule B, and
- paid with your return or voluntarily prepaid with Form IL-1065-V.

Note → If any of your partners are pass-through entities themselves, they are required to report and pay pass-through withholding on behalf of their own nonresident partners, shareholders, or beneficiaries on the income you passed through. Your partners may claim a credit on their Illinois Income Tax return for pass-through withholding you reported and paid on their behalf.

Partnerships can both make and receive pass-through withholding.

- **Pass-through withholding you owe on behalf of your members** is a payment of pass-through withholding **you make** on behalf of your nonresident partners who have not submitted Form IL-1000-E to you. This amount will be reported on Form IL-1065, Line 59.
- **Pass-through withholding reported to you** is a credit for pass-through withholding **you receive** on Schedules K-1-P and K-1-T as a partner, shareholder, or beneficiary of a pass-through entity. This amount will be reported on Form IL-1065, Line 65c.

If you are a nonresident and the pass-through withholding reported to you satisfies your Illinois Income Tax liability, you are not required to file an Illinois Income Tax return. If you had Illinois income from other sources and the pass-through withholding made on your behalf does not cover your liability, you must file a return to report the tax on all of your Illinois income and claim a credit for pass-through withholding made on your behalf.

All residents and pass-through entities must file their own annual Illinois Income Tax return and claim a credit for any pass-through withholding reported to them.

What if I am an investment partnership?

Effective for tax years ending on or after December 31, 2004, any partnership that qualifies as an "investment partnership" as defined in the IITA, Section 1501(a)(11.5), shall not be subject to replacement tax, is not required to withhold tax from its partners, and is not required to file Form IL-1065. However, you may elect to file Form IL-1065 even if you are an investment partnership. If you elect to file Form IL-1065, you must check the appropriate box on Line F, and complete the return with the appropriate figures. Check the box on Line 35 B, enter zero on Step 6, Lines 36 through 46 and Step 7, Line 47.

What if I am a publicly-traded partnership?

A publicly-traded partnership is not required to withhold tax from its partners. A publicly-traded partnership cannot elect to file and pay PTE tax.

What does taxable in other states mean?

Taxable in other states means you are subject to and actually pay "tax" in another state. "Tax" means net income tax, franchise tax measured by net income, or franchise tax for the privilege of doing business. You are considered taxable in another state if that state has jurisdiction to subject you to a net income tax even though that state does not impose such a tax. This definition is for purposes of allocating nonbusiness income and apportioning business income inside or outside Illinois.

When must I use Illinois Schedules K-1-P, K-1-P(3), and B?

You must use **Illinois Schedule K-1-P** to supply each partner with that individual's or entity's share of the amounts reported on your federal and Illinois tax returns. For Illinois Income Tax purposes, you must give a completed Illinois Schedule K-1-P and a copy of the Illinois [Schedule K-1-P\(2\), Partner's and Shareholder's Instructions](#), to each partner. **Do not file copies of Illinois Schedule K-1-P that you issue to your partners with your Form IL-1065.** However, you must keep a copy of each Illinois Schedule K-1-P with your tax records. See Illinois [Schedule K-1-P\(1\), Instructions for Partnerships and S Corporations Completing Schedule K-1-P and Schedule K-1-P\(3\)](#), for more information.

You must use Illinois [Schedule K-1-P\(3\), Pass-through Withholding Calculation for Nonresident Members](#), to calculate the required tax you must report and pay on behalf of your nonresident partners who receive business or nonbusiness income from your partnership. You must complete the schedule if you have business or nonbusiness income distributable to Illinois nonresident partners who have not provided you with Form IL-1000-E, Certificate of Exemption for Pass-through Withholding. You are required to complete Schedule K-1-P(3) for each such partner and keep a copy of the completed schedule in your files. **Do not submit Schedule K-1-P(3) to IDOR unless we request it from you.** The information entered on this schedule will assist you in completing Illinois Schedule B. See Schedule K-1-P(1) for more information.

You must use **Illinois Schedule B** to supply us with a listing of your partners, certain items of income and credits they received from you, and pass-through withholding you made on their behalf. You **must** complete all lines of Illinois Schedule B, as applicable, and file it with your Form IL-1065.

What if I am a member of a unitary group?

Partnerships may not join in the filing of a combined return. However, you may be required to file a separate unitary return, and file a [Schedule UB, Combined Apportionment for Unitary Business Group](#), to apportion your business income.

If the following applies, do not file a Schedule UB: If a partnership is engaged in a unitary business with one or more of its partners, but the unitary partners do not own substantially all of the interest in the partnership, the partnership should not be included on a Schedule UB with the partners. Substantial ownership is defined as owning more than 90 percent of all the interest in the partnership. If a Schedule UB should not be filed, each unitary partner must determine the portion of its business income taxed by Illinois by adding its share of that partnership's business income and apportionment factors (Illinois and everywhere) to its own business income and apportionment factors (Illinois and everywhere). This rule applies to you if you are unitary with one or more of your partners

or if you are a partner in another partnership and are engaged in a unitary business with that partnership. See 86 Ill. Adm. Code Section [100.3380\(d\)](#), for more information.

If the following applies, you must file a Schedule UB: If you are a partnership who is a shareholder in a corporation and are engaged in a unitary business with that corporation, or if you are owned more than 90 percent by members of your unitary business group (determined without regard to the rule prohibiting taxpayers who use different apportionment formulas from being included in a unitary business group and the rule prohibiting taxpayers conducting 80 percent or more of their business activities outside the United States from being included in a unitary business group), and you:

- use the same taxable year as a combined group that includes your partners or your subsidiary, you should use the Schedule UB prepared by the combined group in completing your Form IL-1065;
- use a different taxable year from the combined group that includes your partners or your subsidiary, or there is no combined group, you must complete your own Schedule UB using your own taxable year.

If you are required to file a Schedule UB: Use the line reference chart in the Schedule UB instructions to help complete your Form IL-1065. Steps 2 and 3 of your Form IL-1065 must be completed showing only your separate-company items. The amounts on your Form IL-1065, lines 14 through 22 (less Lines 20 and 21) and Lines 24 through 33 (less Line 25, 26, and 27) shall be the combined totals shown on Schedule UB, Step 3, Column E.

Notes concerning specific Form IL-1065 income modifications:

- The addition modification for guaranteed payments on Form IL-1065, Line 20, should be zero. This addition modification for all partnerships included on the Schedule UB is included in the “other additions” on Schedule UB, Step 3, Column E, Line 8, and so included in Line 22 of the Form IL-1065.
- The subtraction modifications for August 1, 1969, valuation limitation amounts on Form IL-1065, Line 25, and personal service income or reasonable allowance for compensation of partners on Form IL-1065, Line 26, should be zero. C — If this is your first or final return, check the appropriate box and the box on Line 68 if you have a credit carryforward on your final return.

D — If you checked final return on Line C, answer the questions on Line D, if applicable.

E — Apportionment Formulas - If you earn income both inside and outside of Illinois, check the appropriate box(es). If you are a unitary business group, check as many boxes as applicable. If more than one box is checked, you must complete a [Subgroup Schedule](#) for each checked box that is not a sales company. If you earn income only inside Illinois, leave this line blank. For more information, see the specific instructions for “Apportionment Formulas.”

Step 2 — Figure your ordinary income or loss

Lines 1 through 5 — Enter the amount for each line item from the corresponding line(s) on your U.S. Form 1065 or 1065-B, Schedule K. Attach a copy of your federal return. See the chart below to determine the correct corresponding lines.

Line 3	Line 3c	Line 1b(3)
Line 4	Lines 5, 6a, 7, 8, 9a	Not applicable
Line 5	Line 10	Not applicable

Note → Under federal law, Paycheck Protection Program (PPP) loan forgiveness is not considered taxable income and the business expenses covered by the PPP loan proceeds are deductible business expenses. Currently, Illinois tax law has no addition modification to change this; therefore, the same treatment flows through to the Illinois return and is included as part of federal taxable income.

Line 6 — Include any items of income or loss from U.S. Form 1065 or 1065-B, Schedule K, that are not included on any other line of Step 2 or Step 3 of this Form IL-1065.

Step 3 — Figure your unmodified base income or loss

Line 9	Line 12	Not applicable
Line 10	Line 13b	Not applicable

Do not include any of the following items on this line:

- net operating loss carryovers;
- any qualified business income deduction allowed under IRC Section 199A;
- any depletion amounts allowed federally on all of your oil and gas properties; and

Line 16 — You must add back any amount of Illinois Replacement taxes that you deducted on your U.S. Form 1065 or 1065-B to arrive at your federal ordinary income. You are not required to add back taxes from other states that you included as a federal deduction.

Line 17 — Enter the addition amount calculated on [Form IL-4562](#), Step 2, Line 4. For more information, see [Form IL-4562 Instructions](#). **Attach Form IL-4562 to your Form IL-1065.**

Some interest and intangible expenses may be exempt from this add-back provision. See Illinois [Schedule 80/20 Instructions](#) for more information including definitions of “affiliated company,” “intangible expenses,” and “intangible assets.”

Line 19 — If you are a partner in a partnership, a shareholder in a subchapter S corporation, or a beneficiary of a trust or an estate, include your distributive share of additions received from the partnership, S corporation, trust or estate on Schedules K-1-P or K-1-T. If you receive multiple schedules because you are a recipient from multiple entities, you should enter the combined total of Step 5, Column A, Lines 32 through 37, from all Illinois Schedules K-1-P you receive and Step 5, Column A, Lines 30 through 35, from all Illinois Schedules K-1-T you receive. **Attach a copy of all Illinois Schedules K-1-P and K-1-T you received to your form IL-1065.**

Line 22 — Enter the addition amount calculated on [Illinois Schedule M](#), Step 2, Line 11. **Attach a copy of Illinois Schedule M to your Form IL-1065.** The following are examples of items that must be added to taxable income and are included on Illinois Schedule M.

To compute the amount of this subtraction, complete Illinois Schedule 80/20.

indicating none of your loss as being allocated to Illinois.

In order to properly allocate your base income or loss you need to determine what portion of the total base income is business income or loss that is to be apportioned among all the states in which you do business, and what portion is nonbusiness income or loss that is to be allocated to a particular state.

- the reason (e.g., merger) you are allowed to use that company's losses, and
- the date you acquired the loss.

Note → For more information, see the Schedule NLD Instructions.

Line 51 — Divide Line 47 by Line 50 and enter the result, rounded to six decimal places. This figure cannot be greater than one.

Line 52 — The standard exemption is \$1,000 multiplied by a fraction in which the numerator is your base income allocable to Illinois and the denominator is your total base income. This figure cannot be greater than "\$1,000." The standard exemption is \$0.00 if your unmodified base income amount on Step 3, Line 13 is \$250,000

or more.

If you have a change in your tax year end, and the result is a tax period of less than 12 months, the standard exemption is prorated based on the number of days in the short tax year. However, if this is your first or final return, you are allowed to use the full-year standard exemption even if it is a short tax year.

Line 53 — If Line 49 is a loss, enter the amount from Line 49 on 53. Do not increase your loss by the exemption allowance on Line 52.

Step 8 — Figure the taxes, pass-through withholding, and penalty you owe

Line 55 — Enter your recapture of investment credits from Illinois [Schedule 4255, Recapture of Investment Tax Credits](#), Step 5, Column D, Line 20.

If you claimed an Illinois investment tax credit in a prior year on [Form IL-477, Replacement Tax Investment Credits](#), and any of the property was disqualified within 48 months of being placed in service, you must use Illinois Schedule 4255 to compute the amount of recapture. Credit must be recaptured in the year the property became disqualified.

Line 57 — Enter the amount from Form IL-477, Step 1, Line 13. **Attach Form IL-477 and any other required support listed on Form IL-477 to your Form IL-1065.**

You may claim a replacement tax investment credit of .5 percent (.005) of the basis of qualified property placed in service in Illinois during the tax year.

An additional credit of up to .5 percent (.005) of the basis of qualified property is available if your Illinois base employment increased by 1 percent (.01) or more over the preceding year or if your business is new to Illinois. Excess credit may be carried forward for five years following the excess credit year. For more information, see [Form IL-477 Instructions](#).

Line 59 — Complete **all sections** of Illinois Schedule B and enter the amount from Illinois Schedule B, Section A, Line 5 on this line. This is the amount of pass-through withholding you owe on behalf of your members. **Attach Illinois Schedule B to your Form IL-1065.** See “Definitions to help you complete your Form IL-1065” in these instructions for more information. If you complete Line 59, then Line 61 should be blank.

Note Do not include any amount from Schedule B, Section B, Line K, PTE tax credit paid to members, or Line L, PTE tax credit received and distributed to members.

Note Do not include on Line 59 any pass-through withholding **reported to you** on Schedule(s) K-1-P or K-1-T. Pass-through withholding amounts reported to you are included on Step 9, Line 65c.

Line 60 — Complete this line if you elect to file and pay PTE tax on your calculated base income. The total amount of PTE credit allocated to partners cannot exceed the PTE liability reported and actually paid by the partnership. Follow the instructions on the PTE Income Worksheet on Page 12 to determine the amount to enter on this line.

Line 61 — Follow the instructions on the form. **Do not include any PTE tax credit you received on Schedule(s) K-1-P or K-1-T on this line.**

Note If you complete Line 61, then Line 59 should be blank.

Line 63 — If you elected to pay PTE tax and your total tax liability is \$500 or more, enter the amount of any self-assessed underpayment of estimated tax penalty you figured on Form IL-2220, Penalty Worksheet 1, Line 22.

If you annualized your income in Step 6 of Form IL-2220, be sure to check the box in Step 1, Line J of this Form IL-1065. Attach a

completed Form IL-2220 to your Form IL-1065.

Note If you do not need to annualize your income and do not wish to complete Form IL-2220, we encourage you to let us figure your penalties and interest and send you a bill instead of determining these amounts yourself. We will compute any penalty or interest due and notify you.

Step 9 — Figure your refund or balance due

Note Do not include any PTE tax or PTE tax credit on Lines 65a through 65d. PTE tax is reported on Line 61 and PTE Tax credit is reported for each member on Schedule B, Section B, Line L.

Line 65a — Enter the sum of any overpayment to be applied to this year’s tax return. Take into account any correspondence we may have sent you that changed the amount of your credit carryforward from the previous year.

Line 65b — Enter the sum of any

- estimated payments or tax prepayments made before the date this return is filed,
- extension payments before the date this return is filed, and
- any other payments made before the date this return is filed.

Line 65c — Enter the amount you wish to claim of Illinois pass-through withholding reported to you by partnerships, S corporations, or trusts on Schedule(s) K-1-P or K-1-T. If you received more than one Schedule K-1-P or K-1-T, add the amounts you wish to claim from all the schedules and enter the total on Line 65c. **Attach copies of the Schedules K-1-P and K-1-T you received from the pass-through entities to your Form IL-1065.** Schedules K-1-P and K-1-T, Step 1, Line 3, must be completed or the pass-through withholding reported on this line may not be credited to your return.

See “Definitions to help you complete your Form IL-1065” in these instructions for more information.

Note Do not include on Line 65c any pass-through withholding **you owe** on behalf of your members. Pass-through withholding you owe on behalf of your members is included on Step 8, Line 59.

Line 65d — Enter the amount of Illinois income tax withheld on Forms W-2G from gambling and sports wagering winnings that were received by you.

Line 68 — Enter the amount of overpayment you elect to be carried forward to your next tax year. Check the box on this line if this is your final return and any remaining carryforward is being transferred to another entity. Attach a detailed statement to your return listing the FEIN of the entity receiving the credit carryforward, the date the credit was transferred, and the reason for the transfer.

Note Step 1, Line C, must also be completed if you are transferring an overpayment to another entity.

Your credit carryforward will not be applied if you do not file a processable return.

Note Your credit carryforward may be reduced by us due to corrections we make to your return, or to satisfy any unpaid tax, penalty, and interest due for this year or any other year. If we reduce your credit carryforward, it may result in a late-payment penalty in a subsequent year.

To which tax year will my credit apply?

If your 2022 return was filed

- on or before the original filing and payment due date of your return**, your credit will be applied to the next full tax year, unless you elect to apply the credit to a different tax year.

Example 1: You file your 2022 calendar-year return on March 1, 2023, requesting to receive your overpayment as a credit. March 1, 2023, falls before the original filing and payment due date of the 2022 tax year (April 18, 2023, for

calendar-year filers). Your credit will be applied against your 2023 tax year liability.

- after the original filing and payment due date of your return**, your credit will be applied to the next full tax year in which **timely** payments can be made as of the date you are filing this return, unless you elect to apply the credit to a different tax year.

Example 2: You file your 2022 calendar-year return on August 4, 2023, requesting to receive your overpayment as a credit. August 4, 2023, is after the original filing and payment due date of the 2022 tax year (April 18, 2023, for calendar-year filers), but is before the original filing and payment due date of the 2023 tax year (April 15, 2024, for calendar-year filers). Your credit will be applied against your 2023 tax year liability.

Example 3: You file your 2022 calendar-year return on April 28, 2024, requesting to receive your overpayment as a credit. April 28, 2024, is after the original filing and payment due date of the 2023 tax year (April 15, 2024, for calendar-year filers), but is before the original filing and payment due date of the 2024 tax year (April 15, 2025, for calendar-year filers). Your credit will be applied against your 2024 tax year liability.

Note If you are filing your return after the extended due date, you may only elect to claim an overpayment credit for payments received on or before the date you filed your return. Any payments made after the date you filed that return can only be claimed as an overpayment credit on a subsequent amended return.

With what date will my credit apply against my tax

liability?

If your 2022 return was filed

- on or before the extended due date of your return** (October 16, 2023, for calendar-year filers), your credit is considered to be paid on the original due date of this return (April 18, 2023, for calendar-year filers).

However, if all or a portion of your overpayment results from payments made after the original due date of this return, that portion of your credit is considered to be paid on the date you made the payment.

Example 1: You file your 2022 calendar-year return on or before the extended due date of your return requesting \$500 be applied as a credit. All of your payments are made before the original due date of your return. Your credit of \$500 will be considered to be paid on April 18, 2023.

Example 2: You file your 2022 calendar-year return on or before the extended due date of your return requesting \$500 be applied as a credit. Your overpayment includes payments of \$400 you made before the original due date of your return, and a \$100 payment you made on June 1, 2023. Your credit of \$400 will be considered to be paid on April 18, 2023. The remaining \$100 credit will be considered to be paid on June 1, 2023.

- after the extended due date of your return**, your credit is considered to be paid on the date you filed the return on which you made the election.

Example 3: You file your 2022 calendar-year return on December 1, 2023, requesting \$500 be applied as a

The authorization will automatically end no later than the due date for filing your 2023 tax return (excluding extensions). You may revoke the authorization at any time by calling or writing us.

Apportionment Formulas

Certain businesses that derive their income from inside and outside Illinois require an apportionment formula. The following definitions will help in completing Step 6.

Business income — See General Information, “Business income” under “Definitions to help you complete your Form IL-1065.”

Financial organization — any bank, bank holding company, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, building and loan association, credit union, currency exchange, cooperative bank, small loan company, sales finance company, investment company, or any person owned by a bank or bank holding company.

Revenue miles — A revenue mile is the transportation of one passenger, or one net ton of freight, the distance of one mile.

Federally regulated exchange — A federally regulated exchange is:

- a regulated entity as defined in 7 U.S.C. Sections 1a(40)(A), 1a(40)(B), or 1a(40)(C);
- an exchange or clearing agency as defined in 15 U.S.C. Sections 78c(a)(1) or 78c(a)(23);
- any entity regulated under any successor regulatory structure to a registered entity, exchange, or clearing agency; or
- any member of the same unitary group if 50 percent or more of the business receipts of the unitary business group for the taxable year are attributable to the matching, execution, or clearing of transactions conducted by members of the group described in the first three bullet points above.

What if I am a sales company?

If you checked the box in Step 1, Line E, indicating that you are a sales company and your income is derived from inside and outside Illinois, you must apportion your business income as follows:

Include gross receipts from the license, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property in the numerator and denominator of your sales factor only if these gross receipts are more than 50 percent of the total gross receipts included in gross income for this tax year and each of the two immediately preceding tax years.

Do not include the following items of income in the numerator or denominator of your sales factor:

- dividends;
- amounts included under IRC Section 78;
- IRC Section 965 inclusion;
- Global Intangible Low-Taxed Income (GILTI) income under IRC Section 951A;
- subpart F income as defined in IRC Section 952; and
- any item of income excluded or deducted from base income.

For more information on what should be included in the numerator or denominator of your sales factor, see 86 Ill. Adm. Code Sections [100.3370](#) and [100.3380](#).

Sales of tangible personal property are in Illinois if

- the property is delivered or shipped from anywhere to a purchaser in Illinois, other than the United States government, regardless of the Free on Board (f.o.b.) point or other conditions of the sale;
- the property is shipped from Illinois to any place and the purchaser is the United States government; or

- the property is shipped from Illinois to another state and you are not taxable in the state of the purchaser.

For radio and television broadcasting (including cable and satellite broadcasting), the following sales are in Illinois:

- advertising revenue received from an advertiser whose headquarters is in Illinois;
- fees received by a broadcaster from its viewers or listeners in Illinois;
- in the case of fees received by a broadcaster from the producer or other owner of the contents of a program, the percentage of the fees equal to the percentage of the broadcast’s viewing or listening audience located in Illinois; or
- in the case of a person who owns the contents of a program and who provides the contents to a broadcaster for a fee or other charge, the fees received for that program from a broadcaster located in Illinois.

If the “sales everywhere” amount includes gross receipts from the licensing, sale, or other disposition of patents, copyrights, trademarks, and other similar items of intangible personal property, and the receipts are not covered by the broadcasting rules, then these receipts should be allocated in Illinois to the extent the item is used in Illinois during the year the gross receipts are included in gross income. An item is used in Illinois if

- a patent is employed in production, fabrication, manufacturing, or other processing in Illinois or if the patented product is produced in Illinois;
- copyrighted material is printed or other publications originated in Illinois; or
- the commercial domicile of the licensee or purchaser of a trademark or other item of intangible personal property is in Illinois.

Note → If you cannot determine from your (or your related party’s) books and records in which state an item is used, do not include the gross receipts from that item in the numerator or the denominator of the sales factor.

For sales of telecommunications services, the following sales are in Illinois:

- sales of telecommunications service sold on a call-by-call basis, where the call both originates and terminates in Illinois, or the call either originates or terminates in Illinois and the customer’s service address is in Illinois;
- retail sales of postpaid telecommunications service if the point of origination of the signal is in Illinois;
- retail sales of prepaid telecommunications service where the purchaser receives the prepaid card or other means of conveyance at a location in Illinois;
- charges imposed at a channel termination point in Illinois;
- charges for channel mileage between two channel termination points in Illinois;
- charges for channel mileage between one or more channel termination points in Illinois and one or more channel termination points outside Illinois, times the number of channel termination points in Illinois divided by total termination channels;
- charges for services ancillary to sales of services in Illinois. If you provide ancillary services, but cannot determine where the sales of the related services are located, your sales are in Illinois if your customer is in Illinois;

- access fees charged to a reseller of telecommunication for a call that both originates and terminates in Illinois;
- 50 percent of access fees charged to a reseller of telecommunications services for an interstate call that originates or terminates in Illinois; and
- end user access line charges, if the customer's service address is in Illinois.

For more information, see 86 Ill. Adm. Code Section [100.3371](#).

Illinois lottery winnings and proceeds from sales or other transfers of rights to lottery winnings are in Illinois.

For taxable years ending on or after December 31, 2019, gross receipts from winnings from pari-mutuel wagering conducted at a wagering facility licensed under the Illinois Horse Racing Act of 1975 or from winnings from gambling games conducted on a riverboat or in a casino or organization gaming facility licensed under the Illinois Gambling Act are Illinois sales and must be included in the numerator of the sales factor.

For taxable years ending on or after December 31, 2021, payments from Illinois sources of wagering and winnings conducted in accordance with the Sports Wagering Act are allocable to Illinois.

Sales, other than sales of tangible personal property or telecommunications service, and gross receipts from broadcasting, or the licensing, sale, or other disposition of patents, copyrights, trademarks, and similar items of intangible personal property, or Illinois lottery winnings or sales proceeds, are in Illinois as follows:

- sales or leases of real property in Illinois;
- leases or rentals of tangible personal property, to the extent it is located in Illinois during the rental period;
- interest, net gains, and other items of income from intangible personal property received by a taxpayer who is a dealer in that property from a customer who is a resident of Illinois (for individuals) or who is commercially domiciled in Illinois (for all other customers). A taxpayer without actual knowledge of the residence or commercial domicile of a customer may use the customer's billing address.
- interest, net gains, and other items of income from intangible personal property received by a taxpayer who is not a dealer in that property, if the income-producing activity is performed in Illinois or if the income-producing activity is performed inside and outside Illinois, and a greater proportion of the income-producing activity is performed inside Illinois rather than outside Illinois, based on performance costs; or
- in all other cases, if the services are received in Illinois.

For more information, see 86 Ill. Adm. Code [Section 100.3370](#).

What if I am a financial organization?

If you checked the box in Step 1, Line E, indicating that you are a financial organization and your income is derived from inside and outside Illinois, cross out the word "sales" on Lines 40 and 41 and write "Financial organization."

On Line 40, enter the amount of gross receipts from all sources.

On Line 41 enter the amount of gross receipts from:

- sales or leases of real property located in Illinois;
- leases or rentals of tangible personal property, to the extent it is located in Illinois during the rental period;
- interest income, commissions, fees, gains on disposition, and other receipts from:
 - loans secured by real or tangible personal property located in Illinois;
 - unsecured consumer loans to a resident of Illinois;

- unsecured commercial or installment loans where the proceeds of the loan are applied in Illinois. If the place of application cannot be determined, the gross receipts are in Illinois if the office of the borrower from which the loan was negotiated is in Illinois. **If neither the place of application nor the office of the borrower can be determined, do not include the gross receipts in Lines 40 or 41;** and
- credit card receivables billed to a customer in Illinois.

- sales of travelers checks and money orders at a location in Illinois;
- interest, dividends, net gains, and other income from investment and trading assets and activities, where the majority of your contacts with the asset or activity is in Illinois. The state to which an asset or activity is assigned in your books and records for federal or state regulatory requirements is presumed to be proper unless a majority of the evidence shows otherwise or you do not have a fixed place of business in that state. If the place with the majority of contacts cannot be determined under these rules, the gross receipts are in Illinois if your commercial domicile is in Illinois.
- any other transaction, if the gross receipts would be included on Line 41 under the general instructions for Line 41.

For more information, see 86 Ill. Adm. Code [Section 100.3405](#).

Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42. Complete Lines 43 through 46 as indicated in Specific Instructions for Step 6, Figure your income allocable to Illinois.

What if I am a transportation company?

If you checked the box in Step 1, Line E, indicating that you are a company that furnishes transportation service both inside and outside Illinois, cross out the word "sales" on Lines 40 and 41 and write "Transportation." You must apportion business income as follows:

Transportation by airline — On Line 40, enter the amount of revenue miles everywhere. On Line 41, enter the amount of revenue miles in Illinois. Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42.

Other modes of transportation — On Line 40, enter the amount of your gross receipts from providing transportation services. On Line 41 enter the amount of gross receipts from Illinois, as follows:

- all gross receipts from transportation that both originates and terminates in Illinois; and
- gross receipts from interstate transportation, multiplied by a fraction equal to the miles traveled in Illinois on all interstate trips divided by miles traveled everywhere on all interstate trips.

Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42.

Transportation of both freight and passengers or transportation by airline and other modes — Compute separate fractions for freight transportation and passenger transportation by airline and for freight transportation and passenger transportation by all other modes of transportation under A and B, in the list above and enter on Line 42 the average of those fractions, weighted by the gross receipts from freight or passenger transportation by airline or other modes, rounded to six decimal places

For more information, see 86 Ill. Adm. Code [Section 100.3450](#).

Complete Lines 43 through 46 as indicated in Specific Instructions for Step 6, Figure your income allocable to Illinois.

What if I am a federally regulated exchange?

If you checked the box in Step 1, Line E, indicating that you are a federally regulated exchange and your income is derived from inside and outside Illinois, cross out the word “sales” on Lines 40 and 41 and write “Exchange.” You may apportion your business income as follows:

On Line 40, enter the amount of business income from all sources.

On Line 41, enter the amount of business income from:

- receipts attributable to transactions executed on a physical trading floor located in Illinois;
- receipts attributable to all other matching, execution, or clearing transactions. This includes, without limitation, receipts from the provision of matching, execution, or clearing services to another entity.
 - Multiply this amount by 27.54 percent (.2754) for tax years ending on or after December 31, 2013; and
- all other receipts for sales in Illinois.

Divide Line 41 by Line 40 and enter the result, rounded to six decimal places, on Line 42. Complete Lines 43 through 46 as indicated in Specific Instructions for Step 6, Figure your income allocable to Illinois.

Note For any tax year, the Illinois apportionment percentage computed using this formula may never be less than the Illinois apportionment percentage computed for the first full tax year ending on or after December 31, 2013, for which the taxpayer used this formula.

What if I am a member of a unitary group?

The term “unitary business group” means a group of persons related through common ownership, whose business activities are integrated with, dependent on, and contribute to each other. In the case of a corporation, common ownership is defined as the direct or indirect ownership or control of more than 50 percent of the outstanding voting stock of a corporation.

If the following applies, do not file a Schedule UB: If a partnership is engaged in a unitary business with one or more of its partners, but the unitary partners do not own substantially all of the interest in the partnership, the partnership should not be included on a Schedule UB with the partners. Substantial ownership is defined as owning more than 90 percent of all the interest in the partnership. If a Schedule UB should not be filed, the partnership completes its Form IL-1065 in the same manner as a non-unitary partnership, and each unitary partner must determine the portion of its business income taxed by Illinois by adding its share of that partnership’s business income and apportionment factors (Illinois and everywhere)

to its own business income and apportionment factors (Illinois and everywhere). This rule applies to you if you are unitary with one or more of your partners or if you are a partner in another partnership and are engaged in a unitary business with that partnership.

If the following applies, you must file a Schedule UB: If you are a partnership who is a shareholder in a corporation and are engaged in a unitary business with that corporation, or if you are owned more than 90 percent by members of a unitary business group (determined without regard to the rule prohibiting taxpayers conducting 80 percent or more of their business activities outside the United States from being included in a unitary business group), you are required to use a Schedule UB to apportion your business income. See the instructions for the Schedule UB for more information. Once the Schedule UB has been completed, you must apportion your business income as follows:

On Line 40, enter the “everywhere” sales factor of the entire unitary business group from Illinois Schedule UB, Step 4, Line 2, Column D. On Line 41, enter only your Illinois sales (including your share of sales of any unitary partnerships in which you are a partner).

On Lines 44 and 45, enter your own nonbusiness income and the Illinois portion of business income from non-unitary partnerships in which you are a partner, from partnerships included on a Schedule UB and in which you are a partner, from S corporations in which you are a shareholder, or from trusts or estates of which you are a beneficiary.

What if I want to use an alternative apportionment formula?

If the apportionment methods prescribed by IITA, Sections 304(a) through (d), and (h) do not fairly and accurately represent the market for your goods, services, or other sources of business income, or lead to a grossly distorted result, you may want to use a more accurate alternative method. If you want to use an alternative apportionment method, you **must** receive permission from IDOR **prior to** filing your return.

Note Your request for an alternative apportionment formula must follow the requirement of 86 Ill. Adm. Code Section [100.3390](#). See the regulations or contact IDOR for more information.

If you receive permission to use an alternative formula, you must attach to your Form IL-1065 a copy of the letter granting permission.

Computer generated printouts are not acceptable, even if they are in the same format as IDOR's forms. Computer generated forms from an IDOR-approved software developer are acceptable.

- If the pass-through entity **does make** the election to pay PTE tax, then it passes through to its members **both**
 - the credit for the PTE tax it pays (Line K) and
 - each member's distributive share of the PTE tax credit it received from electing pass-through entities in which it is a member (Line L).

Add each member's Line K and Line L. Enter the total on each member's Schedule K-1-P, Step 7, Line 53a.

Line K — Enter the member's share of the PTE tax credit. To determine the share of PTE tax credit due for each member, multiply the member's distributive share of pass-through entity income reported on Form IL-1065, Line 60, by 4.95% (0.0495).

Special Note The total credits allocated to all members may not exceed the PTE liability reported on Form IL-1065, Line 61. The total credits may also not exceed the PTE amount actually paid to IDOR. If you overpaid your PTE liability, the overpayment may be refunded to the electing partnership or S corporation.

Include this amount on each member's Schedule K-1-P, Step 7, Line 53a.

Note This line should be blank if you made pass-through withholding payments.

Member's Schedule B, Line E amount	×	Total PTE tax paid	=	Member's share of PTE tax credit
Total amount of Schedule B, Line E				

Line L — Enter each member's distributive share of PTE tax credit you are passing through from Schedule(s) K-1-P or K-1-T you received. The PTE tax credit is passed through to your members in the same proportion that the pass-through income is distributed to your members. Also include this amount on each member's Schedule K-1-P, Step 7, Line 53a.

If you have more than four members to report, and additional space is needed, complete and attach additional pages of Illinois Schedule B, Section B. After you have completed Section B, listing all required amounts for your members, complete the single page of Illinois Schedule B, Section A.

Appendix C - Estimated Payment and Prepayment Worksheet

Instructions

If you elect to file and pay PTE tax and reasonably expect your total tax liability, including replacement tax and PTE tax, to exceed \$500 after Illinois tax credits and withholding payments made on your behalf, you are required to make estimated payments. Complete Steps 1, 2, and 3 of this worksheet to compute your next tax year's estimated tax payments.

If you elect to file and pay PTE tax but you do not expect your tax liability, including replacement tax and PTE tax, to exceed \$500, you may voluntarily prepay next year's taxes including PTE tax. Complete Steps 1, 2, and 3 of this worksheet to determine the amount of your quarterly prepayment.

If you do not elect to file and pay PTE tax, you may voluntarily prepay next year's tax liability. Complete Steps 2 and 3 of this worksheet to determine the amount of your quarterly tax liability prepayment. If you completed Appendix B, add the total from Step 3 to the total amount from Appendix B to determine your quarterly prepayments to be made with Form IL-1065-V.

If your income or your original estimated tax changes during the year, complete Step 4 of this worksheet to determine your adjusted payment.

Note → Keep this record for your files.

Note → Pay electronically at tax.illinois.gov or use next tax year's Form IL-1065-V to mail your payment.

Failure to use the correct voucher for your estimated payments or prepayments may result in your payment being misapplied, penalties and interest, a delay in the processing of your return, or a delay in the generation of any overpayment.
