

General Information

What is the purpose of Schedule J?

The purpose of Schedule J is to allow you to claim a subtraction on your Form IL-1120 for dividends received from a foreign corporation. A foreign corporation is any corporation not created or organized under the laws of the United States or any state or political subdivision thereof. The term "United States" includes only the 50 states and the District of Columbia.

What if I am a member of a unitary business group?

If you are a member of a unitary business group filing an Illinois combined return, you must complete one Schedule J for the entire group as though you are one taxpayer. Federal Schedule C must be completed based on the dividends of all members of the unitary group included in the Illinois combined return.

What must I attach to Schedule J?

If you filed a federal Form

- 1120, 1120-C, 1120-F, 1120-IC-DISC, or 1120-PC, you must attach a copy of your federal Schedule C.
- 1120-L, you must attach a copy of your federal Schedule A.
- 1120-FSC, you must attach a copy of your federal Schedule F and worksheet for Line 9.
- 1120-H or 1120-POL, you must attach a copy of Page 1 of that form with details of Line 1.

Should I round?

You must round the dollar amounts on Schedule J to whole-dollar amounts. To do this, you should drop any amount less than 50 cents and increase any amount of 50 cents or more to the next higher dollar.
