General Information

What is the purpose of this booklet?

This booklet contains Illinois Income Tax withholding tables. The tables begin on Page 5. It also explains how to figure the amount of Illinois Income Tax that you should withhold using the tables in this booklet.

Where do I get help?

For answers to questions about your responsibilities as an Illinois withholding agent, see <u>Publication 130, Who is Required to Withhold Illinois Income Tax,</u> and <u>Publication 131, Withholding Income Tax Filing and Payment Requirements</u>. For help with other questions, see "Where to Get Help" on Page 24 of this booklet.

How to Figure the Amount to Withhold

How much do I withhold?

Generally, the rate for withholding Illinois Income Tax is 4.95 percent. **For wages and other compensation**, subtract any exemptions from the wages paid and multiply the result by 4.95 percent. For details about how much to withhold for other types of payments (*i.e.*, Illinois Lottery or gambling winnings subject to federal income tax withholding requirements), see <u>Publication 130</u>, Who is Required to Withhold Illinois Income Tax.

How do I figure the amount to withhold?

Using the tax tables

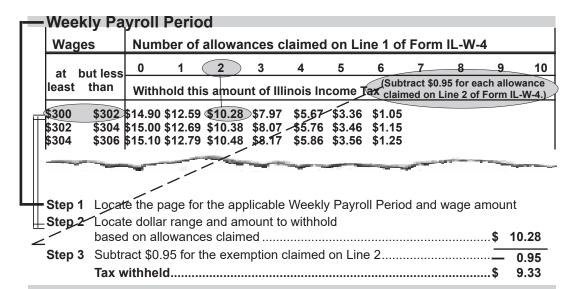

in this booklet

The income tax rate is 4.95 percent and the exemption allowance is \$2,425. You may use the tax tables in this booklet to determine how much tax you must withhold. To use the tax tables in this booklet, follow the steps below.

- **Step 1** Find the table for your payroll period (*i.e.*, how often you pay your employee).
- Step 2 Read down the column labeled "Wages" and locate the dollar range that contains the amount of your employee's wages. Read across the row until you find the dollar amount under the number of allowances your employee claimed on Line 1 of Form IL-W-4. If your employee did not claim any allowances on Line 2 of Form IL-W-4 and did not request that you withhold an additional amount of tax (Line 3 of Form IL-W-4), this is the amount of tax that you must withhold.
- **Step 3** If your employee claimed allowances on Line 2 of Form IL-W-4, subtract the allowance amount identified at the top of the payroll table from the amount found in Step 2. You must make one subtraction for each allowance your employee claimed on Line 2 of Form IL-W-4.
- **Step 4** If your employee requested that you withhold an additional amount (Line 3 of Form IL-W-4), add that amount to the amount from Step 2 (or Step 3, if applicable). This is the total amount of tax you must withhold.

Example

You pay Mary \$300 every week. She claims three allowances on her Form IL-W-4. Two allowances are claimed on IL-W-4, Line 1, and one allowance is claimed on Form IL-W-4, Line 2. Mary does not request any additional amount be withheld on Line 3. You withhold \$9.33 from her pay.

\$ 800.00

What other method may I use to figure the amount of tax that I should withhold?

If you prefer, you may use the automated payroll method to figure the amount of Illinois Income Tax you should withhold.

Automated payroll method

Number of pay

periods in a year

52

26

24

12

Weekly payroll

Bi-weekly payroll

Monthly payroll

Bi-monthly payroll

Semi-annual payroll Annual payroll

Quarterly payroll

Semi-monthly payroll

Tax withheld =

.0495 x Wages —
$$\left(\frac{\text{(Line 1 allowances x $2,425) + (Line 2 allowances x $1,000)}}{\text{number of pay periods in a year}}\right)$$

To determine how much to withhold using the automated payroll method formula, follow these steps:

- **Step 1** Determine the wages paid for the payroll period.
- Step 2 Figure your employee's exemptions using the allowances claimed on Form IL-W-4.
 - **a** Multiply the number of allowances your employee claimed on Form IL-W-4, Line 1, by \$2,425.
 - **b** Multiply the number of allowances your employee claimed on Form IL-W-4, Line 2, by \$1,000.
 - c Add your answers from Step 2a and Step 2b.
 - **d** Divide the result of Step 2c by the number of pay periods from the table. The result is your employee's exemptions.
- Step 3 Subtract the exemptions from the wages paid. The result is the taxable amount.
- **Step 4** Multiply the taxable amount by 4.95 percent (.0495). You must withhold this amount.
- **Step 5** Add any additional amount from Form IL-W-4, Line 3. This is the total amount you withhold.

The example below illustrates how to figure the amount to withhold using the automated payroll method.

Automated payroll method example

Example

You pay Alice \$800 every week. She claims four allowances on her Form IL-W-4. Two allowances are claimed on Form IL-W-4, Line 1, and two allowances are claimed on Form IL-W-4, Line 2. You withhold \$33.08 from her pay.

Step 1	Determine the wages paid

Step 2 Figure your employee's exemptions (based on Form IL-W-4).

a 2 x \$2,425 = \$4,850 (Line 1 x \$2,425) **b** 2 x \$1,000 = \$2,000 (Line 2 x \$1,000)

c \$4,850+\$2,000 = \$6,850 (Step 2a + Step 2b)

d \$6,850 ÷ 52 pay periods = \$131.73

Step 3Subtract the amount exempt from withholding. $\underline{-131.73}$ Taxable amount\$ 668.27

Step 4Multiply by the tax ratex .0495Illinois Income Tax withheld\$ 33.08

Addendum: Figure Amounts for Catch-Up Withholding (P.A. 103-0009)

Why is an addendum needed?

Public Act 103-0009 changed the personal exemption allowance amount for individuals from the increased amount for 2023 of \$2,625 to the 2022 amount of \$2,425 per person. This change impacts 2023 withholding income tax payment amounts for employees. **Note:** For a **new** employee, use the formula on Page 4.

For employees on your payroll in the first part of 2023, the amount of the income tax withheld for the remainder of the 2023 tax year may need to be adjusted. For some employees, the recalculated amount will result in no net change; however, for some it will result in a larger amount of tax withheld from each pay period remaining in 2023.

For more information about this change, see <u>Informational Bulletin FY 2024-02</u>, <u>Personal Exemption Allowance Amount Changes</u>.

How do I figure the amount to withhold for the remainder of the year?

To figure this amount, use the formula shown below to compensate for the amount of withholding underwithheld for the first half of 2023.

Tax withheld =

.0495 x Wages
$$-\left(\frac{\text{(Line 1 allowances x $2,225) + (Line 2 allowances x $1,000)}}{\text{number of pay periods in a year}}\right)$$

Number of pay periods in a year

Weekly payroll 52 Bi-weekly payroll 26 Semi-monthly payroll 24 Monthly payroll 12 Bi-monthly payroll 6 Quarterly payroll 4 2 Semi-annual payroll Annual payroll 1 To determine how much to withhold using the catch-up withholding formula, follow these steps:

- **Step 1** Determine the wages paid for the payroll period.
- **Step 2** Figure your employee's exemptions using the allowances claimed on Form IL-W-4.
 - **a** Multiply the number of allowances your employee claimed on Form IL-W-4, Line 1, by \$2,225.
 - **b** Multiply the number of allowances your employee claimed on Form IL-W-4, Line 2, by \$1,000.
 - **c** Add your answers from Step 2a and Step 2b.
 - **d** Divide the result of Step 2c by the number of pay periods from the table. The result is your employee's exemptions.
- **Step 3** Subtract the exemptions from the wages paid. The result is the taxable amount.
- **Step 4** Multiply the taxable amount by 4.95 percent (.0495). You must withhold this amount.
- **Step 5** Add any additional amount from Form IL-W-4, Line 3. This is the total amount you withhold.

The example below illustrates how to figure the amount to withhold using the formula.

You pay David \$1,000.00 every week. He claims five allowances on his Form IL-W-4. Three allowances are claimed on Form IL-W-4, Line 1, and two allowances are claimed on Form IL-W-4, Line 2. You withhold \$41.24 from his pay.

\$1,000.00

Step 1 Determine the wages paid

Step 2 Figure your employee's exemptions (based on Form IL-W-4).

a 3 x \$2,225 = \$6,675 (Line 1 x \$2,225) **b** 2 x \$1,000 = \$2,000 (Line 2 x \$1,000)

c \$6,675+\$2,000 = \$8,675 (Step 2a + Step 2b)

d $\$8,675 \div 52$ pay periods = \$166.82

Step 3 Subtract the amount exempt from withholding. — 166.82
Taxable amount \$833.18

Step 4Multiply by the tax ratex .0495Illinois Income Tax withheld\$ 41.24

Where to Get Help

Our taxpayer assistance numbers are **1 800 732-8866** or **217 782-3336**. Our TDD (telecommunications device for the deaf) number is **1 800 544-5304**. If you prefer, you may visit our website at **tax.Illinois.gov** or write us at the address below.

If you have questions or need more information about a previous refund or other tax matters, send us your inquiry in writing on a separate sheet of paper. Your written inquiry must include your name and address, your FEIN, the tax type, the tax year in question, and a description of the error or question. Send inquiries to

ILLINOIS DEPARTMENT OF REVENUE PO BOX 19044 SPRINGFIELD IL 62794-9044

If you need additional forms, instructions, or publications, you may
