

There's a Better Way to File Your Taxes!

Simple, secure,
and always free.

 **IRS | Direct File**
directfile.irs.gov

IRS Direct File is now available in Illinois.

Eligible Illinois taxpayers can file their 2024 federal return directly with the IRS.

Federal return information can then be transferred into **MyTax Illinois**, to free file Illinois individual income taxes.

Taxpayers can also free file their Illinois returns separately through MyTax Illinois.

Is Direct File right for me?

Taxpayers in Illinois and 24 other states can file their federal taxes directly with the IRS. Find out if Direct File is the right option for your 2024 taxes.

Does Direct File include support?

Yes – Direct File users can get support through a live chat with dedicated IRS customer service representatives. Support is available in English and Spanish, and it will feature optional additional authentication and verification to allow assistors to provide more information. This year, Direct File users can also try a new chat bot to provide guided help on the eligibility checker.

Can I use Direct File to complete my state return?

Yes – Illinois filers using Direct File who need to file their state income taxes will be connected to MyTax Illinois, Illinois Department of Revenue's free online tax tool to complete their filing.
