Persons affected: The changes in this rulemaking have minimal economic effect. The public act that this rulemaking is implementing will have no economic effect on businesses regardless of whether the business is located in a municipality or county that has imposed an equivalent tax to replace State tax. These businesses must either continue collecting and remitting tax at 1% or document the sale as tax-exempt food. Minor costs related to accounting and record keeping updates may arise for some businesses.

Total Statewide cost: There is no estimate on the statewide cost.

- (b) If an economic effect is predicted, please briefly describe how the effect will occur. No economic impact.
- (c) Will the rulemaking have an indirect effect that may result in increased administrative costs? Will there be any change in requirements such as filing, documentation, reporting or completion of forms? Compare to current requirements. The Department amended its forms to account for the local grocery taxes, but they will be administered the same as all other sales taxes by the Department. The changes in the rulemaking do not result in increased administrative costs.
